INTRODUCTION

Welcome to Oxford City Council's Statement of Accounts for the year ending 31 March 2014.

The Statement of Accounts is a statutory document providing information on the cost of services provided by Oxford City Council to the council tax payer and the council house tenant and detailing how those services were financed. In addition, it provides information, within the Balance Sheet on page 27 of the value of the Council's assets (what we own), what is owed and the value of our liabilities (what we owe). It is in essence, a statement of how well we have managed your money over the last twelve months.

The report provides, in accordance with International Financial Reporting Standards (IFRS), the accounts for the General Fund, Housing Revenue Account, Collection Fund and all other accounts for which the Council is responsible. The Council's Balance Sheet provides details of its Assets and Liabilities as at 31 March 2014. Other supporting statements are provided to help to explain the figures in the accounts. In addition, a glossary can be found at the back of the Statement of Accounts publication to help explain some of the technical terms.

On pages 93 to 103 the main Accounting Statements are replicated to incorporate the Group Accounts of the Authority. These Group accounts reflect the Council's financial position inclusive of the Council's Assets and Liabilities relating to its 50% share in its joint venture with Grosvenor Developments Limited to form the Barton LLP Oxford.

The accounts and all relevant documents are subject to review by Ernst & Young LLP who provide their opinion on the Council's accounts. Ernst & Young LLP gave an unqualified opinion on the Statement of Accounts presented for 2012/13, the third year of adoption of IFRS and they will be required to give an opinion on the 2013/14 Statement of Accounts.

Should you have any comments or wish to discuss this Statement in further detail then please contact the Council's Financial Accounting Manager, Anna Winship on 01865 252517, or email awinship@oxford.gov.uk.

I hope you find the Statement of interest and may I take the opportunity of thanking you for taking time to read it.

Nigel Kennedy
Head of Finance (Section 151 Officer)

Oxford City Council

INTRODUCTION

The Authority's Responsibilities

The Authority is required to:

- make arrangements for the proper administration of its financial affairs and ensure that one of its officers has the responsibility for the administration of those affairs. In this Authority, that officer is the Head of Finance (Section 151 Officer).
- manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets, and
- approve the Statement of Accounts.

The Responsibilities of the Head of Finance (Section 151 Officer)

The Head of Finance (Section 151 Officer) is responsible for the preparation of the Authority's Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC *Code of Practice on Local Authority Accounting in the United Kingdom* (the Code).

In preparing the Statement of Accounts, the Head of Finance (Section 151 Officer) has:

- selected suitable accounting policies and applied them consistently
- made judgements and estimates that are reasonable and prudent, and
- complied with the local authority Code.

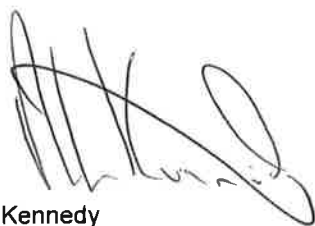

The Head of Finance (Section 151 Officer) has also:

- kept proper accounting records which are up to date, and
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

The Statement of Accounts as set out on pages 25 to 117 presents a true and fair view of the financial position of Oxford City Council as at 31 March 2014 and its income and expenditure for the year ended 31 March 2014.

The unaudited Accounts were issued on 26 June 2014 and the audited accounts will be authorised for issue on 22 September 2014.

EXPLANATORY FOREWORD

Purpose of Explanatory Foreword

The purpose of the explanatory foreword is to provide a commentary on the Statement of Accounts for the year as seen 'through the eyes' of management. It fulfils the same requirement as that of a Directors report in company accounts. The foreword seeks to provide a concise and understandable guide for the reader of the accounts to the most significant aspects of the Authority's financial performance during the year, its year end financial position and cash flows.

1. Major Changes Affecting the Statement of Accounts

The Council's accounting policies are set out on pages 103-118 of the Statement of Accounts. These Policies are largely unchanged from last year. However there are some changes and events that have taken place over the year which have a material impact on the understanding of the Accounts.

Material Changes

◇ Pension Fund

The Council's liability to provide for the cost of past employment benefits to staff have increased in the year ended 31 March 2014.

The liability reported as at 31 March 2013 was £89.3 million. The revised liability as at the 31 March 2014 is £107.3 million. The increase is due to a number of factors, the most significant of which are actuarial losses of £13.4 million (due to significant losses arising from changes in inflation estimates and life expectancy, offset by gains in the defined benefit obligation) and net interest costs. More information regarding the Defined Benefit Pension Scheme can be found in note 39 of the Statement of Accounts (page 72). The past history of the movement on the pension liability is disclosed and shows that over the past five years the liability has been as high as £145.6 million. The overall liability this year can be seen to be £38.3 million lower than the peak experienced.

◇ Localisation of Council Tax Benefit

Council Tax Benefit was replaced with a new system of Council Tax Support in April 2013. The previous Council Tax Benefit Grant paid by Central Government has been subsumed into the Council's Formula Grant (after a reduction of 10%) from 2013/14 and from 2014/15 is not separately identifiable. The scheme can be set locally, although with some stipulations such as pensioners not being disadvantaged. The Council Tax Reduction Scheme for Oxford City Council was agreed by City Executive Board on 5 December 2012 and largely replicates the previous benefit system, although it is implemented by awarding discounts to local taxpayers. Thus for 2013/14 onwards the Council's band D equivalent Council Tax will be lower than in previous years and the revenue account will not be charged with the cost of Council Tax benefits.

◇ Homelessness Prevention Grant

Homelessness Prevention Grant of around £1 million was previously paid to the Council as a specific grant. From 2013/14 this grant is now included within the calculation of Formula Grant.

◇ Business Rates Retention

Over recent years, Business Rates have been collected by Councils and paid over to Central Government. The Government would then redistribute Business Rates revenues on a formulaic basis as part of the Local Government Finance Settlement. All of the risks of non-collection were borne by Central Government. From 1 April 2013 the basis for this funding changed.

EXPLANATORY FOREWORD

The funding received from Retained Business Rates is now directly dependant on the amount of Business Rates collected locally. Total Business Rates collected, after allowing for appeals and losses on collection are split 50/50 between Billing Authority and Central Government known as the Local and Central Share respectively. The Billing Authority will, in turn, split the local share between itself and Oxfordshire County Council on an 80/20 basis. A tariff payment, is paid, in the City Councils Case, increased in line with inflation each year, to Central Government. The remaining amount is in turn compared to the baseline funding figure (for Oxford City this is £5.468 million for 2013/14) and a levy of 50% of the excess is payable to the Government, leaving the balance with the Billing Authority.

For 2013/14 the Council received the amount calculated on the NNDR1 Form submitted to Government in January 2013. Any difference between this and in-year activity forms the National Non Domestic Rates (NNDR) Collection Fund balance for the year and is distributed in subsequent financial years. Since there is a deficit on the NNDR Collection Fund for 2013/14 of £1.5 million due to the level of appeals, the Council has set aside an amount equivalent to its share of the deficit (£0.6 million) in Earmarked Reserves so that there is no pressure on the General Fund resulting from this in future financial years.

In 2013/14, for the first year, an accrual for 50% of the value of the pre 2013/14 appeals to valuation have been included within the Councils Financial Statements, this equates to £1.7 million. The Council did not elect to spread these appeals over 5 years and instead took the full amount in 2013/14.

Business Rates yield can vary due to appeals, losses on collection and business closures or start ups. Hence the resulting amount of income derived from Retained Business Rates can also vary. This risk is now not entirely borne by Central Government but is shared between Central Government, Oxford City Council and Oxfordshire County Council in the percentages 50%/40%/10% respectively. The Government have set a "safety net" which applies if Business Rates income falls by more than 7.5% in comparison to baseline funding. In the Council's case this safety net will kick in should Business Rate income fall below the baseline by £410,000. The new scheme has therefore led to changes in accounting in the Comprehensive Income and Expenditure Statement, the Movement in Reserves Statement, and the Collection Fund for 2013/14 onwards as well as shifting the balance of risk between Central and Local Government.

◇ **Transfer of Non-Dwelling Assets**

During the year the Council transferred its non-dwelling Housing Revenue Account (HRA) assets (shops and garages) from the HRA to the General Fund. This was approved by the Council with an effective date of 1 April 2013 and will result in additional net income being received by the General Fund on an on-going basis.

◇ **Transfer of HRA Balances**

At 1 April 2013 the HRA held £7 million in the Major Repairs Reserve. Legislation allowed the Council to transfer the £7 million from the HRA reserves into the General Fund and the Council took the opportunity to do this and moved the £7 million into Earmarked Reserves. This was a one-off opportunity and the legislative ability to effect this transfer has subsequently been removed.

Prior Year Restatement

The comparative figures for 2012/13 have been restated for the following reasons:

◇ **Revaluation of Council Dwellings**

EXPLANATORY FOREWORD

Revaluation of Council Dwellings subsequent to earlier impairments on those assets up to 31 March 2013 had not been reversed through the Capital Adjustment Account but were credited to the Revaluation Reserve in error. Restatement of these reserves as at 1 April 2013 resulted in the opening balances of the Revaluation Reserve being reduced, and the Capital Adjustments Account being increased by £21.7 million.

◇ **The Netting Down of Internal Charges on the Comprehensive Income and Expenditure Statement**

Internal work undertaken by the Council's Direct Services department had not been removed on producing the figures for service income and expenditure disclosed on the face of the Comprehensive Income and Expenditure Statement for 2012/13. The expenditure and income relating to this internal work have been removed from the 2013/14 figures and restated figures for 2012/13 provided. There is no change to the net cost of services or to the total Comprehensive Income and Expenditure figures.

2. Summary of 2013/14 Outturn

General Fund

The Council's outturn position was favourable at the year end leading to a surplus of £5.371 million which was subsequently transferred into Earmarked Reserves primarily for funding future capital schemes. This favourable position was after taking into account a net contribution to Earmarked Reserves of £7.35 million. The bulk of this contribution relates to the one-off transfer of £7 million from HRA balances to the General Fund.

HRA

The HRA outturn position was favourable at the year end with a surplus of £0.3 million, after making a contribution to the HRA Capital Expenditure Reserve of £7.4 million. This has allowed the HRA working balances to increase to £4 million. During the year a transfer of £7 million was made from the HRA to the General Fund under legislative powers subsequently removed during 2013/14. In addition, all HRA non-dwelling assets (including shops and garages) with a value of £22.9 million were transferred to the General Fund during 2013/14.

Capital

The Council's Capital Programme showed a total spend of £22 million; a variation against the original budget (£43 million) of some £21 million. Of this variation approximately £4 million related to Corporate Assets, £5 million to the delayed build of the Competition Swimming Pool at Blackbird Leys and £8 million to HRA new build. Other variances are discussed in more detail below on page 12.

The Council is in the process of implementing a new Capital Gateway process which will closely track the delivery of capital projects against predefined criteria. It is anticipated that this process will improve capital programme delivery in the future.

3. The Statement of Accounts

The Statement of Accounts consists of the following:

- The Statement of Responsibilities, setting out the general responsibilities of both the City Council, and the Section 151 Officer (The Head of Finance). The Head of Finance is to sign a statement that the accounts present a true and fair view of the financial position of the Council at the accounting date and its income and expenditure for that year then ended (page 6).
- The Core Financial Statements (pages 25-28, supplementary statements 85-100) incorporating:

EXPLANATORY FOREWORD

- a. Movement in Reserves Statement – (MIRS) a statement used to adjust International Financial Reporting Standards accounting practice to Local Government proper practice to ensure the accounting changes do not impact on Council Tax and create any additional burden.
 - b. The Comprehensive Income and Expenditure Statement - a statement which incorporates all revenue income and expenditure relating to the year.
 - c. Balance Sheet - which records all the assets and liabilities at the Balance Sheet date of 31 March.
 - d. Cashflow Statement - a statement that shows the inflows and outflows of cash during the year reconciled to the year end cash position.
 - e. Housing Revenue Account - a statement which brings together all transactions during the year in relation to the management and maintenance of the Council's 7,755 dwelling stock.
 - f. Collection Fund - a statement which brings together all transactions during the year relating to the collection of Business Rates and Council Tax income together with payments and receipts from Government and payments made to the preceptors, the County Council; Police Crime and Commissioner (Thames Valley) and Parish Councils.
 - g. Group Accounts - a statement which reflects that the Council has a 50% interest with Grosvenor Developments Limited in a joint venture for the construction of dwellings at Barton. The Council's share of the assets and liabilities of this company are required to be incorporated in to the Council's accounts.
- The Statement of Accounting Policies, setting out the detailed rules under which we account for assets, liabilities, income and expenditure (pages 103-118).

Details Of The Core Financial Statements

The Movement in Reserves Statement (MIRS)

The MIRS shows the movement in the year on the different reserves held by the Council, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) totalling around £68.5 million as at 31 March 2014 and unusable reserves which are not 'cash backed' totalling 425.8 million.

The surplus or (deficit) on the provision of services line shows the true economic cost of providing the Council's services, more details of which are shown in the Comprehensive Income and Expenditure Statement (page 26). These are different from the statutory amounts required to be charged to the General Fund Balance and Housing Revenue Account for Council Tax setting and dwellings rent setting purposes.

The 'Net increase/decrease before transfers to earmarked reserves' line shows the statutory General Fund Balance and Housing Revenue Account Balance before any discretionary transfers to or from Earmarked Reserves undertaken by the Council.

General Fund Working Balance - this is £3.6 million as at 31 March 2014, and has remained static since 31 March 2013.

HRA Working Balance - the in-year HRA surplus of £0.3 million has been added to the HRA working balance increasing it from £3.7 million to £4 million as at 31 March 2014.

Earmarked General Fund Reserves – as at 31 March 2013 these stood at £15.6 million, as shown on page 43. In 2013/14 the Council made a net transfer in to reserves of £12.7 million bringing the balance to £28.3 million as at 31 March 2014. Key movements include:

- **Revenue Contribution to Capital Reserve** - this has increased from £1.6 million to £6.9 million during the year. This reserve will be used going forward to support future Capital schemes.

EXPLANATORY FOREWORD

- **Property Fund Reserve** - the Council intends to invest in property to deliver an on-going revenue benefit to the General Fund; this reserve of £7 million has been set up to support this process.
- **Loan & Property Fund Guarantee Reserve** - the Council has invested £3 million in property funds in the year to gain a revenue return in the future and is in the process of increasing this investment. Since there is a risk involved in these types of investments, an Earmarked Reserve of £0.4 million has been set up to mitigate against these.
- **NNDR Retention Reserve** - £0.6 million. The new Business Rates retention system places additional risks on Council's increasing the fluctuations between years of surplus or deficit on the NNDR Collection Fund; this reserve will be used to balance out the fluctuations between years and mitigate the pressure on the General Fund.

HRA Earmarked Reserves - as at 31 March 2014 these stood at £8.5 million following a net transfer in to the reserves of £7.2 million. A new reserve - The HRA Capital Financing Reserve - has been set up with a transfer of £7.7 million which will be used going forward to support future Housing Revenue Account Capital Schemes.

Insurance Reserves - as at 31 March 2014 these stood at £1.5 million are held to cover uninsured excesses and future liabilities including those arising from the administrative arrangements of the Council's previous insurers Municipal Mutual Insurance (MMI). Of this balance, £1.3 million is related to HRA liabilities and £0.2 million is related to General Fund.

Capital Receipts Unapplied - as at 31 March 2014 the Council held approximately £22.4 million usable capital receipts: £3.9 million having been used to finance the Capital Programme. The remaining receipts will be used over the life of the Medium Term Financial Plan. Major disposals in the year included:

- St Clements - £3.6 million
- Botley Cemetery Lodge; and - £0.4 million
- Bury Knowle Stables - £0.5 million

The Comprehensive Income and Expenditure Statement

This Statement (page 26) shows the cost in the year of providing services in accordance with generally accepted accounting practice, rather than the amount to be funded from taxation. Councils raise taxation to cover expenditure in accordance with regulations; this is different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.

The Amounts Reported for Resource Allocation Decisions note (page 60) shows how the Comprehensive Income and Expenditure Statement reconciles back to the management accounts reported quarterly to the City Executive Board, further details and the outturn are discussed below.

General Fund Revenue Outturn 2013/14

The Council set a budget for spending on General Fund services of £25 million, to be financed by Grant funding of £8.2 million, Business Rates income of £5.7 million and Council Tax of £11.1 million.

The Council Tax for a Band D property was set at £268.19, a 1.99% increase on the previous year.

During the year the Council transferred its non-dwelling HRA assets from the HRA to the General Fund which was approved by Council in September 2013. The budget was revised for 2013/14 resulting in a budgeted surplus of £1.3 million, being the net income relating to these assets.

EXPLANATORY FOREWORD

The following table summarises the outturn position in the format used for 2013/14 internal reporting and as reported to the City Executive Board on 3 July 2014.

	NET APPROVED BUDGET 2013/14 £000	NET REVISED BUDGET 2013/14 £000	NET EXPENDITURE 2013/14 £000	VARIANCE £000
City Regeneration	(283)	(103)	(370)	(267)
Community Services	8,296	8,836	8,083	(753)
Organisational Development & Corporate Services	13,066	13,156	13,173	17
Total Ex' SLA's & Capital Charges	21,079	21,889	20,886	(1,003)
SLA's and Capital Charges	1,612	447	-763	(1,210)
Corporate Contingencies	2,336	1,974	-	(1,974)
Net General Fund Expenditure	25,027	24,310	20,123	(4,187)
Net Transfers (to)/from Reserves	-	(605)	4,766	5,371
Net Budget Requirement	25,027	23,705	24,889	1,184
Government Funding	8,219	8,219	8,305	86
Business Rates	5,661	5,661	5,470	(191)
Council Tax	11,301	11,301	11,302	1
Parish Precept	(154)	(154)	(188)	(34)
Total Funding	25,027	25,027	24,889	-138

Major variations include:

City Regeneration

The directorate had an outturn position of £0.37 million which is a favourable variance of £0.267 million against the revised budget.

Favourable

- Regeneration and Major Projects had a favourable outturn of £0.411 million primarily due to additional income generated from commercial properties rent reviews and new properties being brought into use.

Adverse

- City Development was £0.141 million overspent primarily as a result of Building Control Fees being lower than budgeted.

Community Services

The directorate had an outturn position of £8.083 million, which is a favourable variance of £0.753 million against the revised budget.

Favourable

- Direct Services had a favourable outturn position of £0.823 million largely caused by staffing vacancies (£0.450 million), a surplus of £0.3 million from off-street car parking primarily due to demand continuing despite increased charges, and additional external works income including street cleansing and engineering, all of which is partly offset by some additional costs relating to rates, the depot lease, and an internal income pressure relating to Motor Transport.

Adverse

- Policy, Culture and Communication had a £0.071 million overspend due primarily to additional costs relating to the Christmas Light Festival.

Organisational Development and Corporate Services

The directorate had an outturn position of £13.173 million, which is an adverse variance of £0.017 million against the revised budget. This is due to minor variances in supplies and services across the directorate.

EXPLANATORY FOREWORD

SLA's, Capital Charges and Corporate Budgets

Favourable

- £0.7 million additional interest receivable due largely to changes in the interest rates charged to the HRA.
- Corporate budgets of around £0.2 million for global budget pressures such as inflation on utility charges, which did not have to be used.
- £2 million contingency budgets which did not need to be used due to the Council's success in achieving its efficiency targets.

Net Transfers to Reserves

- The analysis of the net transfer to reserves of £12.7 million is shown in Note 7 (page 43) to the accounts. The most notable transfers are detailed above on page 10.

The Balance Sheet

The Balance Sheet (page 27) shows the value as at 31 March 2014 of the assets and liabilities recognised by the Authority. The net assets of the Council (assets less liabilities) are matched by the reserves held by the Council. Reserves are reported in two categories.

- **Usable Reserves** - those reserves that the Authority may use to provide services, subject to the need to maintain a prudent level of reserves to meet unforeseen circumstances and any statutory limitations on their use (for example the Capital Receipts Reserve that may only be used to fund capital expenditure or repay debt).
- **Unusable Reserves** – those reserves that the Authority is not able to use to provide services. This category of reserves includes those that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets are sold; and reserves that reflect timing differences shown in the Movement in Reserves Statement line “adjustments between accounting basis and funding basis under regulations”.

The Balance Sheet (page 27) can be summarised as follows:

	2013/14 £000	2012/13 £000	Variation £000
Value of Land and Property owned	736,983	678,016	58,967
Cash Investments, assets held for sale and stock	63,111	45,816	17,295
Money Oxford owes	(344,930)	(315,866)	(29,064)
Money Oxford is owed	39,074	31,468	7,606
Net worth of Council at 31st March	494,238	439,434	54,804

There has been an increase in the net worth of the Council in the order of £55 million from the previous year. This has largely arisen from:

- An increase of around £17.2 million from increased short term investments of surplus cash.
- An increase in money owed by Oxford City Council of around £29.1 million, £18 million of which relates to a deterioration of the Pension Fund deficit.
- An increase of around £59 million in the value of property owned.

EXPLANATORY FOREWORD

Cash Flow Statement

The Cash Flow Statement (page 28) shows the changes in Cash and Cash Equivalents of the Council during the reporting period. The Statement shows how the Council generates and uses Cash and Cash Equivalents by classifying cash flows as operating, investing and financing activities.

The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Authority are funded by way of taxation and grant income or from the recipients of services provided by the Authority.

Investing activities represent the extent to which cash outflows have been made for the purchase of resources which are intended to contribute to the Authority's future service delivery.

The overall increase in cash and cash equivalents i.e. short term investments between 2012/13 and 2013/14 is approximately £0.8 million.

The Housing Revenue Account Income and Expenditure Statement

The HRA Income and Expenditure Statement (page 85) shows the economic cost in the year of providing housing services in accordance with generally accepted accounting practice, rather than the amount to be funded from rents and government grants. Authorities charge rents to cover expenditure in accordance with regulations; this may be different from the accounting cost.

The increase or decrease in the year, using the basis for which rents are raised, is shown in the Movement on the Housing Revenue Account Statement, a snapshot of which is shown below:

	Budget £000	Actual £000	Variance £000
Net Income	(42,817)	(42,261)	556
Expenditure			
Tenancy Management	16,877	16,686	(191)
Repairs and Maintenance	9,992	9,545	(447)
Total	26,869	26,231	(638)
Appropriations	19,078	15,728	(3,350)
Net (surplus)/deficit	3,130	(302)	(3,432)
Working Balance	(5,670)	(4,000)	1,670

The HRA was budgeted to make a contribution from working balances of £3.1 million for 2013/14. The outturn position as shown was a contribution to working balances of £0.3 million, a favourable variance of £3.4 million. This £0.3 million transfer to the HRA working balance leaves the balance standing at £4 million. Notable variations include:

Net Income

The adverse variance of £0.6 million due to:

- The transfer of non-dwelling assets (i.e garages and shops) from the HRA to the General Fund, offset by
- Higher dwelling rental income due to voids being less than originally budgeted and the impact of Right to Buy disposals being less than budgeted

EXPLANATORY FOREWORD

Tenancy Management Cost

Tenancy Management Costs show a favourable variation of £0.2 million over the original budget due to additional interest costs of £0.7 million, offset by reductions in Bad Debt Provision of £0.3 million and savings of £0.6 million on service expenditure primarily in respect of public utility costs, consultancy fees, salary costs of the Major Projects Team, and savings associated with recharges for overhead costs.

Repairs and Maintenance

Responsive and Cyclical Repair costs were underspent primarily due to savings associated with service contract payments.

Appropriations

The brought forward HRA balance was originally budgeted at £8.8 million but the actual brought forward was £3.7 million because of a higher transfer to Capital Reserves made at the end of 2012/13. This has resulted in lower transfers into Capital Reserves being made in 2013/14 compared to the budget.

The Collection Fund

The Collection Fund (page 91) is the Council's statement reflecting its statutory obligation as a Billing Authority to maintain a separate Collection Fund. The Statement shows the transactions the Council as a Billing Authority has undertaken in relation to the collection from taxpayers and distribution to local authorities and the Government of Council Tax and Non-Domestic Rates.

The Collection Fund Balance at the end of the year was £0.1 million net deficit. This represents a £1.5 million deficit on the Business Rates and £1.4 million surplus on the Council Tax element. The Council Tax balance is shared between Oxford City Council, Oxfordshire County Council and Police and Crime Commissioner (Thames Valley) in proportion to their precept. The Business Rates balance from 31 March 2014 is shared between Central Government, Oxford City Council and Oxfordshire County Council in the percentages 50%/40%/10% respectively. There are no balances shown for Business Rates for 2012/13 because prior to 2013/14 any balance was settled by Central Government. The following table shows the proportionate shares:

	Council Tax 2013/14 £000	Business Rates 2013/14 £000	Total 2013/14 £000	Council Tax 2012/13 £000
Oxford City Council	234	(600)	(366)	88
Oxfordshire County Council	1,018	(150)	868	385
Police and Crime Commissioner (Thames Valley)	135	-	135	51
Central Government	-	(749)	(749)	-
Total	1,387	(1,499)	(112)	524

The main reasons for the surplus on the Council Tax Collection Fund are:

- The allowance for non-collection was increased with the introduction of the Council Tax Reduction Scheme, however collection rates remained as per previous years; and
- A lot of work was undertaken during the year to remove exemptions and discounts that people are not entitled to with the result that the collectible debt increased over the projections.

The main reason for the Business Rates Collection Fund deficit is the estimated cost of backdated appeals being charged to the Collection Fund in 2013/14.

Group Accounts

Barton Oxford LLP

The Council entered into a partnership with Grosvenor Developments Limited to form a joint venture company to develop housing on land owned by the Council at Barton. The Council provided Group Accounts for the first time in 2011/12 to record the Council's share in the joint venture.

The Statement of Accounts for 2013/14 also provide Group Accounting Statements, which reflect the following:

- Within the City Councils, Property, Plant and Equipment balance on the Balance Sheet is a 50% share of the Barton Oxford LLP Development Property at a value of £1.985 million which reflects capital expenditure up to 31 March 2014. The Councils share is arrived at after deducting the LLP's costs of acquiring land from Oxford City Council (£0.958 million) to avoid double counting.

The Barton Oxford LLP includes an accumulated loss to 31 March 2014 of £17,000. The loss recorded in the 2013/14 LLP accounts amounted to £4,000 - 50% of this loss rests with Oxford City Council. The City Council's Statement of Accounts also holds a long term Debtor of £0.958 million in respect of land plus capitalised interest transferred from the City Council to the LLP.

See page 94 for a more detailed account of the Group movements

Capital Outturn 2013/14

The Council's budgeted capital spend for 2013/14 was approximately £43 million, actual spend was £22 million; a variation of £21 million. Of this variation approximately £5 million related to the Competition Swimming Pool at Blackbird Leys and another £5 million to Homes and Communities Agency (HCA) New Build. The remaining £11 million relates to other slippage that will be carried forward to be spent in future years. Other notable slippage includes the following:

General Fund

- £0.4 million Museum of Oxford Development
- £0.3 million Superconnected Cities
- £0.4 million Rose Hill Community Centre
- £0.3 million 23-25 Broad Street
- £5 million Homelessness Property Acquisitions
- £0.7 million Town Hall works
- £0.4 million Leisure Centre Improvement
- £1 million Develop new burial space
- £0.6 million Sports Pavilions

Housing Revenue Account

- £1.5 million Horspath Road Depot
- £0.6 million Homes at Barton

EXPLANATORY FOREWORD

Funding the Capital Programme

The General Fund Capital Programme spend totalled £11 million and was funded through a combination of capital receipts (£2.5 million), Government Grants (£0.9 million), Direct Revenue Funding from the General Fund (£4.5 million), Prudential Borrowing (£2.7 million), Developer Contributions (£0.4 million). The Housing Programme was financed £9.8 million from Housing Revenue Resources and £1 million from grant from the Homes and Communities Agency.

Contingencies and Provisions

As at 31 March 2014 the Council has made financial provision of £3.9 million for expenditure likely to be incurred some time in the future. Included in this figure are the following amounts:

- Rent Deposit Scheme – £1.3 million - this provision covers deposits paid on behalf of tenants placed in private rented properties by the Council. The provision assumes a write off of approximately 86% of the debt.
- Singletree Repairs and Maintenance - £0.3 million – a provision to cover major works in respect of a leaseholder property. When the leasehold property is resold a percentage of the resale value is paid into the provision.
- Council Tax Court Costs - £0.4 million. This provision is against court costs that have been raised against outstanding Council Tax arrears.
- Provision for NNDR Appeals - £1.7 million. Following the reform of Business Rates, the risk of appeals is shared between Central Government, the Council and Oxfordshire County Council. This is a new provision for this year and relates to the Council's potential liability for the cost of appeals. The Council's share of the overall collection fund deficit has been transferred to earmarked reserves

Icelandic Banking Losses - Update

In October 2008 a number of Icelandic banks filed for administration. The Council held deposits with two of these banks, Glitnir and Heritable of £1.5 million and £3 million respectively. Developments over the last year are as follows:

- **Glitnir** - The repayment date of the fifth currency (in Icelandic Krona (ISK)) is still to be confirmed as changes to Icelandic law are required to allow ISK to be transferred out of Iceland. Once this has been resolved, it is expected that we will receive close to 100% of our initial deposit. £1.2 million has been received to date.
- **Heritable Bank** - In respect of the Council's £3 million deposits with Heritable bank, the Council continues to receive repayments and it is expected that approximately 90% will be received. A further £421,000 has been received in this financial year, totalling £2.8 million received to date.

EXPLANATORY FOREWORD

4. Financial Prospects Looking Forward

General Fund

The 2013/14 outturn position was favourable with the Council having a surplus on its General Fund of £5.4 million in the year which was transferred into Earmarked Reserves largely to finance the Capital Programme as follows:

- £0.2 million transfer to fund the Council's Employee Partnership Payment which will be paid to staff with good attendance and performance appraisals who are not entitled to an increment in 2014/15
- £0.2 million to contribute to a Government and Environment Agency funded project for a flood relief channel to the West of Oxford
- £4.6 million to support future General Fund Capital Schemes and
- £0.4 million to mitigate risks involved in investing in property in order to gain a revenue return. These investments will be incorporated into the Treasury Management Strategy at its next review

The Council made net transfers to Earmarked Reserves of £12.7 million. This included £7 million in relation to balances transferred from the HRA to the General Fund and which have now been placed into a Property Reserve for the purchase of property that generates an on-going revenue stream. The General Fund Working Balance remains static at £3.6 million, a level which is considered prudent for this Authority based on net expenditure and known risks.

The Council's Medium Term Financial Plan for 2014/15 to 2017/18 agreed at Council in February 2014 estimated working balances at year end as follows:

	2014/15	2015/16	2016/17	2017/18
	£000	£000	£000	£000
Working Balance at year end	3,621	3,621	3,621	3,621

To achieve this position a programme of savings, service reductions and increased fees and charges totalling £6.4 million over the next four years needs to be determined. This programme is inherently risky with a large amount coming from new trading activities, although there are contingencies held in reserve in the event that some of these income streams or savings targets are not achieved.

Going forward there are a number of significant uncertainties and risks which the Council needs to monitor including:

- Changes in Business Rate income projections impacting the Council due to increased risks to the Council's finances arising from the reform scheme
- Welfare Reform impacts
- Changes to the income receivable from New Homes Bonus as a result of new build being lower than anticipated
- Increases in inflation
- Slippage occurring in the delivery of savings and income generation projects
- Unidentified additional pressures arising that have an on-going financial impact on the Council

EXPLANATORY FOREWORD

The Council's Medium Term Financial Plan includes reductions in Revenue Support Grant of 47% to 2015/16 (taking 2010 as a base) and further reductions, taking grant to zero by 2020. There is a risk that the next Comprehensive Spending Review will result in more reductions in Central Government funding for Local Government or that those assumed occur at a faster rate.

Pressure will continue on the Council's income streams such as off-street parking, planning and licensing and with bank base rates at an all time low, investment income earned will also be suppressed.

Demand for services, however, especially housing, are likely to rise and the Council will need to ensure robust management of its finances going forward.

Housing Revenue Account (HRA)

HRA Reform came into effect from 1 April 2012. The Council has agreed a substantial and ambitious HRA Capital Programme which is shown in the HRA revenue budgets in future years. The HRA continues to be more than sustainable into the future based on current assumptions; however there are a number of areas which the Council will need to consider and monitor over the following years including:

- The impact of Right to Buy Discounts on dwelling numbers and consequently on rental income
- The revenue impact of the planned HRA Capital Schemes which may take the HRA up to its maximum borrowing capacity and could have an impact on the overall HRA position; and
- Barton Development (Acquisition of Social Housing) – there is an umbrella agreement relating to the Barton Development which stipulates that each developer will appoint a builder who must sell the social housing units built to fulfil the developers' obligations to provide social housing to the Council. The number of properties involved is expected to be in the region of 350 and is estimated that it will cost the Council £38.2 million (which is provided for within the HRA business plan) over the financial years 2013/14 to 2023/24.

Capital

The Council's Capital Programme over the 4 years from 2014/15 budget amounts to around £142 million. This level of programme carries with it risks of non-delivery which the Council aims to mitigate through an improved gateway process. The Capital Programme includes major projects such as the refurbishment of sports pavilions, a new swimming pool, replacement of the Council's vehicle fleet, the construction of a car park at Oxpens to assist in the development of Westgate, and the property investment strategy. Whilst some of this Programme will be funded by capital receipts from the disposal of other land and buildings, additional prudential borrowing may be required, which will impact on the revenue account.

Within the HRA Capital Programme in addition to the annual refurbishment programme, there is also £13.4 million of new build in the next four years to build 113 dwellings part funded from Homes and Communities Agency (HCA) grant. The HRA Capital Programme for the next four years is budgeted at £81 million in total.

EXPLANATORY FOREWORD

In Conclusion

I would like to thank Finance staff for their work in preparing these Statements. I hope the information is helpful in allowing you to have a clear understanding of how the Council's money has been spent in 2013/14.

We've tried hard to present information as clearly as possible, but if you want to find out more about these accounts you can:

- visit our website at www.oxford.gov.uk
- send an e-mail to either:
Head of Finance (Section 151 Officer) (Nigel Kennedy at nkennedy@oxford.gov.uk) or
Financial Accounting Manager (Anna Winship at awinship@oxford.gov.uk)
- write to us at:
Oxford City Council
1st Floor, St Aldate's Chambers
109 St Aldate's
Oxford OX1 1DS
- or, contact our auditors Ernst & Young LLP via the Audit Manager, Alan Witty at awitty@uk.ey.com

CORE FINANCIAL STATEMENTS

Page left intentionally blank

MOVEMENT IN RESERVES STATEMENT FOR THE YEAR ENDED 31 MARCH 2014

The following statement shows the movement in year on the different reserves held by the Authority, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) and 'unusable' reserves. The Surplus or (Deficit) on the Provision of Services line shows the true economic cost of providing the Authority's services, more details of which are shown in the Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the General Fund Balance and the Housing Revenue Account for Council Tax setting and dwellings rent setting purposes.

The Net Increase/(Decrease) before Transfers to/from Earmarked Reserves line shows the statutory General Fund Balance and Housing Revenue Account Balance before any discretionary transfers to or from earmarked reserves undertaken by the Council.

	Note	General Fund Balance	Earmarked GF Reserves	Housing Revenue Account	Earmarked HRA Reserves	Major Repairs Reserves	Capital Receipts Reserve	Capital Grants Unapplied Reserves	Total Usable Reserves	Total Unusable Reserves	Total Authority Reserves

**COMPREHENSIVE INCOME & EXPENDITURE STATEMENT FOR THE YEAR ENDED
31 MARCH 2014**

This statement shows the accounting cost in year of providing services in accordance with generally accepted accounting practice, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement (page 25).

Netting down internal charges for internal work undertaken by the Councils Direct Services department

BALANCE SHEET AS AT 31 MARCH 2014

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Authority. The net assets of the Authority (assets less liabilities) are matched by the reserves held by the Authority. Reserves are reported in two categories. The first category of reserves are Usable Reserves, i.e. those reserves that the Authority may use to provide services, subject to the need to maintain a prudent level of reserves to deal with unforeseen events and any statutory limitations on their use (for example the Capital Receipts Reserve can only be used to fund capital expenditure or repay debt). The second category of reserves is those that the Authority is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets were sold; as well as reserves that hold timing differences shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations'.

	Note	2013/14 £000	2012/13 £000

CASH FLOW STATEMENT FOR THE YEAR ENDED 31 MARCH 2014

The Cash Flow Statement shows the changes in the Cash and Cash Equivalents of the Authority during the reporting period. The statement shows how the Authority generates and uses Cash and Cash Equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Authority are funded by way of taxation and grant income or from the recipients of services provided by the Authority. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Authority's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Authority.

	Notes	2013/14 £000	2012/13 £000

Cash and Cash Equivalents at the End of the Reporting Period	18	(10,173)	(9,342)

NOTES TO THE CORE FINANCIAL STATEMENTS

Page left intentionally blank

NOTES TO THE CORE FINANCIAL STATEMENTS

1. Accounting Standards that have been issued, but not yet adopted by the Code of Practice

Those that will affect the presentation of the Group Accounts are as follows:

- IFRS 10 Consolidated Financial Statements
- IFRS 11 Joint Arrangements
- IFRS 12 Disclosure of Interests in Other Entities
- IAS 27 Separate Financial Statements
- IAS 28 Investments in Associates and Joint Ventures

The likely outcome of applying these standards which will be effective from 1 April 2014 is to change from the proportionate consolidation method to the equity method. This will require recognition of the investment in the joint venture Barton Oxford LLP in accordance with IFRS 11 paragraphs C2 to C5.

Other Standards affecting the Core Statements:

IFRS 32 Financial Instruments: Presentation, this standard will be effective from 1 April 2014 and will require the offsetting of Financial Assets and Financial Liabilities. This will affect the level of detail disclosed in the Balance Sheet.

Annual improvements to IFRS 2009-2011 Cycle - this is a review process of all IFRS's and it is possible but unlikely to change any Accounting Policies.

NOTES TO THE CORE FINANCIAL STATEMENTS

2. Critical Judgements in Applying Accounting Policies

In applying the accounting policies, the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Statement of Accounts are:

Icelandic Bank transactions

The Council had £4.5 million invested with two failed Icelandic banks, however, as at 31 March 2014, only £0.5 million remains outstanding. The remaining outstanding funds are expected to be received almost in full from the Icelandic banks over the coming months.

Changes to Levels of Funding for Local Government

There remains a high degree of uncertainty about future levels of Government Grant funding for local government including the future of Business Rate income. A proportion of this funding is derived from retained Business Rates, which is subject to an index linked tariff payable to Central Government. Whilst the Authority can benefit to a limited degree from increased Business Rates from new businesses, it can also lose (subject to a safety net) if Business Rates income starts to decline.

However, the Authority has determined that this uncertainty is not yet sufficient to provide an indication that the assets of the Authority might be impaired as a result of a need to close facilities and reduce levels of service provision.

Componentisation of Fixed assets

Where Assets had been found to have significant components which would materially affect the depreciation charge, components have been identified and the depreciation of individual components applied.

The Council's Housing stock is subject to componentisation. The policy treats the components with a short life such as kitchens and heating systems as cost items only affected by additions and disposals and de-recognition. The land and structure of the building are the elements that benefit from any revaluation gain.

Treatment of Future Capital Receipts from Joint Venture

The Council has entered into a joint venture with Grosvenor Development Limited, in respect of land which the Council owned at Barton. Under the terms of the agreement the Council transferred this land to the Joint Venture, and will receive the capital receipt for the value in 2019, until such time the Council will be entitled to interest income on the outstanding Land value.

A long term debtor and a deferred capital receipt have been created for the Land value, and interest income is being accrued and will be received in 2019.

3. Assumptions Made about the Future and Other Major Sources of Estimation Uncertainty

The Statement of Accounts contains estimated figures that are based on assumptions made by the Authority about the future, or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

NDR Appeals Provision

The Council is required to estimate the value of successful Business Rates appeals, for the first time in 2013/14. The level of these appeals currently stands at £5.4 million spread over a number of years and any provision would have the effect of reducing the level of Business Rates income in the year. The Council have taken external advice on the value of successful appeals and made a provision of £1.7m in the Statement of Accounts.

NOTES TO THE CORE FINANCIAL STATEMENTS

The Council has carried out sensitivity analysis on the data received from the Valuation Office to ensure that the provision is robust and evidence shows that 71 appeals have been settled since the 31st March 2014, therefore demonstrating the need for the appeal provision to sit at this level.

The items in the Authority's Balance Sheet at 31 March 2014 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

Item	Uncertainties	Effect if Actual Results Differ from Assumptions
Property, Plant and Equipment	Assets are depreciated over useful lives that are dependent on assumptions about the level of repairs and maintenance that will be incurred in relation to individual assets. The Council has a programme of capital works (£27.5 million per year on its housing stock) and undertakes major repairs and maintenance which underpin the assumptions made regarding the useful lives assigned to the assets.	If the useful lives of assets are reduced, depreciation increases and the carrying amount of the assets falls. It is estimated that if the annual depreciation charge for assets were to increase by 1% the extra charge would amount to £118,000.
Provisions rent deposit	The Council operates a rent deposit scheme which provides the deposit necessary for an eligible resident to occupy private rented accommodation. The deposit is repayable. The certainty of repayment is very difficult to estimate. The Council has continued to make an 85% provision during 2013/14 and the total provision now stands at £1.25 million. Only 10% of the deposit paid will be recovered.	If the current provision is found to be inaccurate an extra 1% provision would result in the extra cost of £41,000.
Pensions Liability	Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the Council with expert advice about the assumptions to be applied.	The effects on the net pensions liability of changes in individual assumptions cannot be measured accurately. The assumptions interact in complex ways. During 2013/14, the Council's actuaries advised that the net pensions liability had increased by £18 million. The total Pension deficit is £107,329 million.

NOTES TO THE CORE FINANCIAL STATEMENTS

Item	Uncertainties	Effect if Actual Results Differ from Assumptions
Arrears	At 31 March 2014, the Council had a balance of sundry debtors of £24.2 million. A review of significant balances suggested that an impairment of doubtful debts of £5 million was appropriate. However, in the current economic climate it is not certain that such an allowance would be sufficient.	If collection rates were to deteriorate, a doubling of the amount of the impairment of doubtful debts would require an additional 1% or £0.2 million to be set aside as an allowance.
Non Domestic Rates (NDR) Appeals	The Council has set aside a provision to cover successful appeals lodged against NDR banding with the Valuation Office, based on a professional estimate of outstanding appeals	If the provision is incorrect, there would be an impact on the collection fund balance. A 1% increase in the provision would lead to an increased charge of £17,000. This would be split between the Council and preceptors, with 50% of the amount impacting the Council.

The bad debt provision has been calculated on the following basis:

General Fund		Collection Fund			Court Costs	
Sundry Debtors		Council		NDR		
Age of Debt	Provision	Year Debt Raised	Provision	Provision	Year Debt Raised	Provision
		2013/14	1.50%	0.75%	2013/14	25%
<1 Year	0%	2012/13	25%	56%	2012/13	40%
<2 Years	100%	2011/12	50%	77%	2011/12	70%
<3 Years	100%	2010/11	75%	80%	2010/11	70%
<4 Years	100%	2009/10	80%	90%	2009/10	90%
<5 Years	100%	2008/09	92%	98%	2008/09	90%
<6 Years	100%	2007/08	92%	98%	2007/08	90%
>6 Years+	100%	2006/07	92%	98%	2006/07	90%
		2005/06	92%	98%	2005/06	94%
		2004/05	94%	98%	2004/05	96%
		2003/04	96%	98%	2003/04	97%
		2002/03	97%	98%	2002/03	97%
		2001/02 & prior years	100%	98%	2001/02 & prior years	100%

4. Material Items of Income and Expenditure

Pension Fund Actuarial Loss

The Pension Fund Actuary has reported an actuarial loss for 2013/14 of £13 million. This is reported as a loss on the Comprehensive Income & Expenditure, and subsequently adjusted (in accordance with proper practice) via the Movement in Reserves Statement to ensure it has no General Fund Balance implications.

NOTES TO THE CORE FINANCIAL STATEMENTS

5. Events After the Balance Sheet Date

The Statement of Accounts will be authorised for issue by the Head of Finance (Section 151 Officer) on 22 September 2014. Events taking place after this date are not reflected in the Financial Statements or notes. Where events taking place before this date provided information about conditions existing at 31 March 2014, the figures in the Financial Statements and notes will be adjusted in all material respects to reflect the impact of this information.

6. Adjustments between Accounting Basis and Funding Basis under Regulations

This note details the adjustments that are made to the Comprehensive Income and Expenditure Account recognised by the Authority in year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Authority to meet future capital and revenue expenditure.

The following sets out a description of the reserves that the adjustments are made against.

General Fund Balance

The General Fund is the statutory fund into which all the receipts of an authority are required to be paid and out of which all liabilities are to be met, except to the extent that statute provides otherwise. These rules can specify the financial year in which liabilities and payments should impact the General Fund Balance, which is not necessarily in accordance with proper accounting practice. The General Fund Balance therefore summarises the resources that the Council is statutorily empowered to spend on its services or on capital investment (or the deficit of resources that the Council is required to recover) at the end of the financial year.

Housing Revenue Account Balance

The Housing Revenue Account Balance reflects the statutory obligation to maintain a revenue account for local authority council housing provision in accordance with Part VI of the Local Government and Housing Act 1989. It contains the balance of income and expenditure as defined by the 1989 Act that is available to fund future expenditure in connection with the Council's landlord function or (where in deficit) that is required to be recovered from tenants in future years.

Major Repairs Reserve

The Authority is required to maintain the Major Repairs Reserve (MRR), which controls the application of the "notional" Major Repairs Allowance (MRA) calculated having regard to CLG's self-financing valuation for Oxford City Council. The MRA is restricted to being applied to new capital investment on HRA assets, the repayment of HRA debt or meeting liabilities under credit arrangements. The MRR is used to record a balance of usable capital resources.

Capital Receipts Reserve

The Capital Receipts Reserve holds the proceeds from the disposal of land or other assets, which are restricted by statute from being used other than to fund new capital expenditure or to be set aside to finance historical capital expenditure. The balance on the reserve shows the resources that have yet to be applied for these purposes at the year-end.

Capital Grants Unapplied

The Capital Grants Unapplied Account (Reserve) holds the grants and contributions received towards capital projects for which the Council have yet to apply the expenditure. The grant terms restrict the application of expenditure and/or the financial year in which this can take place.

NOTES TO THE CORE FINANCIAL STATEMENTS

General Fund: Reserve Descriptions	
General Licensing Reserve	Reserve to ensure the ring-fencing of the general licensing team function to fund future service area expenditure.
CLG Homelessness Grant	Reserve needed to finance delayed/planned homelessness preventative activities.
Taxis Licensing Reserve	Created to support future taxi licensing activities. Year-end taxi licensing surpluses are transferred to this reserve that funds future service improvements within the Taxi Licensing area.
Town Hall Equipment Reserve	Used to maintain or replace Town Hall equipment.
Work of Art Reserve	Created to finance the purchase or restoration of City Council works of art.
Shopmobility Reserve	Created to fund the maintenance or replacement of Shopmobility equipment.
Employee Cost Reserve	Created to cover the severance and associated payments relating to employees, following organisational development reviews.
Customer Services Server Replacement Reserve	Created to fund a replacement Customer Services IT server
Oxford Business Contributions Reserve	Used to fund contributions to Business Partnership Schemes within Oxford.
Salix Energy Projects Reserve	Created from an initial grant made available via Salix. The reserve is used to implement energy efficient schemes within the City.
Salix Management Fee	Reserve represents contributions received to fund future energy assistant post activities.
IT Infrastructure and Equipment Reserve	Used to fund the purchase of new IT infrastructure equipment and IT projects across the Council.
Repairs and Maintenance Reserve	The reserve will be used to cover substantive repairs in the Leisure Services and other areas.
Reserve for Land Charges Reserve	This is an equalisation reserve in that year-end Land Charges surpluses are used to fund future expenditure and or year-end deficits.
Business Transformation Projects	At the year-end budgets associated with incomplete transformation projects are transferred to this reserve. At the start of the following year projects are approved to continue and the funds allocated back to the projects.
City Council Elections Reserve	Created from the budget surplus/(deficit) on the City Council Elections activity. City elections are held every 2 years and this reserve is used to fund additional costs in election year.
Committed Projects Reserve	Created to cover carry-forward requests from service areas, and fund expenditure commitments
CRM Rollout Reserve	Created to fund the rollout of the Council's Customer Relationship Management (CRM) programme.
Grants Reserve	This reserve was initially set up to hold various grant monies received by the City Council and or unused in-year budgetary provision for various community/non-HRA housing based activities. As the utilisation of these grants spreads across several years the release of those resources will be undertaken gradually as well as new grant monies being added.
Direct Revenue Funding of Capital Reserve	Created to fund future rolling programme capital requirements.
Land at Barton Reserve	This is an HCA grant made available to fund regeneration activities.
Homelessness Reserve	The Council as part of its 2011/12 budget committed to annually setting aside resources to assist in the anticipated increased cost of Homelessness activity predicted to occur for the City as a result of welfare reforms. This reserve holds the balance of the resources so far provided.
HMO Licensing Reserve	Reserve to ensure the ring-fencing of HMO Licensing income to fund future service area expenditure.
Community Services Carry Forward Reserve	Reserve reflects additional Directorate's expenditure commitments including funding of future cultural Community and Neighbourhood initiatives and community safety/educational activities
Organisational Development Reserve	Created to fund the agreed partnership payment, and other pay related items.
Lord Mayors Deposit	Reserve represents resources held for assisting homeless applicants with rent deposit and/or bonds.
Home Choice Fund for single persons	Reserve represents resources held for assisting single homeless applicants with rent deposit and/or bonds.
Rosehill Demolition	Reserve represents resources held to assist in the re-development of the Rosehill Community Centre initiative.
Oxfordshire Total Refit Project (EU Funding)	This was created to assist in the co-operation with partners in the pursuance of adopting and implementing energy saving initiatives within Oxfordshire.
Town Team Partners	Reserve represents grant funded activity to improve City High Streets.
Assets of Community Value	Created to finance the purchase or restoration of City Council assets of Community value.
Unlawful Dwellings Reserve	Reserve created to fund enforcement activity associated with the identification of unlawful dwellings being used within the City.
Westgate Redevelopment Reserve	Required to fund temporary car park facilities and other associated works arising due to the planned re-development of the Westgate site in the city centre.
Flood Reserve	Reserve created to fund flood maintenance work not eligible for Government re-imburement under the Belwin scheme
Loan and Property Fund Guarantee Reserve	The Council has provided a loan guarantee for the Arts at the Old Fire Station and the Charities Aid Foundation. The reserve will only be used if the guarantee is called in.
P&R County Contribution - Future Maintenance	Represents resources needed to fund future Park and Ride maintenance obligations associated with County Council sites.
Direct Payment Project Arrears Reserve	This figure represents the level of HRA arrears that potentially increased as a result of the Council embarking on the Direct Payments project. The resources can be kept by the authority until expiry of the claim period.
Business Support Scheme	This reserve has been set up to mitigate future Local Cost of Benefits risks.
Severe Weather Recovery Scheme	Reserve set up to fund expenditure arising from future severe weather activities.
BOB MK	Planning Fund ring fenced between Berkshire, Oxfordshire, Buckinghamshire and Milton Keynes Councils. Oxford City Council administers this fund.
Property Fund Reserve	Reserve set up to finance future Property Fund activities.
Indirect Property Fund Reserve	Reserve set up to finance future Indirect Property Fund activities.
NNDR Retention Reserve	This reserve is to cover the deficit in NNDR Collection Fund that will be charged to the General Fund in future years.

NOTES TO THE CORE FINANCIAL STATEMENTS

HRA: Reserve Descriptions	
Committed Project Reserve	Created to set aside resources needed to complete and/or fund schemes for which budget allocation has been approved, but the spend has yet to be committed.
IT Project Work Reserve	This reserve was created to fund IT work projects.
IT Equipment Reserve	The IT Equipment reserve is used to fund replacement and/or upgrade of the Housing Revenue Account IT systems.
Projects Reserve	Reserve set up to predominately fund future HRA capital works.
Capital and Insurance Funds: Descriptions	
Self Insurance Fund - HRA	The Self Insurance Fund reserve is used to cover claim costs that are below the Council's insurance policy excess limit for HRA service areas.
Self Insurance Fund - GF	The Self Insurance Fund reserve is used to cover claim costs that are below the Council's insurance policy excess limit for GF service areas.

8. Other Operating Expenditure

	2013/14 £000	2012/13 £000
Parish Council Precepts	189	193

a) Capital Commitments

At 31 March 2014, the Authority had entered into a number of contracts for the construction of or enhancement to Property, Plant and Equipment for completion in 2014/15 and future years, budgeted at £21.4 million. Similar commitments at 31 March 2013 were £8.8 million. The major commitments are:

		31 March 2014 £000	31 March 2013 £000
Window Replacement Programme	Nationwide	-	357
City Centre Offices	Paragon Management	-	90
The Old Fire Station Refurbishment	Kingerlee	-	34
New Build Competition Pool	Wilmot Dixon	5,913	7,683
Refurbishment of Tower Blocks	EC Harris	391	678
Affordable Homes Programme	EC Harris	13,812	-
Refurbishment of Grandpont Pavilion	Beard	492	-
Refurbishment of Blackbird Leys Pavilion	Wilmot Dixon	463	-
Roofing in Littlemore	GSR	150	-
External Adaptions	SCM	110	-
Communal Areas	Pyrotec/Direct Services	60	-
		21,391	8,842

b) Revaluations

The Valuation report for 2013/14 was prepared by Richard Hawkes MRICS (Registered Valuer), Corporate Asset Manager, Regeneration and Major Projects, Oxford City Council.

External valuation

The valuation work was completed using external valuers supplemented by the internal team. The annual external valuations were provided as follows:

- Investment Property
A desktop review of all investment assets was undertaken by Richard Hawkes MRICS, this exercise identified 49 properties with a probability of a significant change in value during 2013/14. These properties were then valued by Richard Waterson MRICS from Drivers Jonas.

NOTES TO THE CORE FINANCIAL STATEMENTS

- **Council Dwellings**
A total of 20 council dwellings were re-valued by Robin Marfleet MRICS from Drivers Jonas. This exercise will ensure all Beacons are valued over a 5 year period.
- **Other Land and Buildings**
In year two of a five year cycle, a total of 21 Property, Plant & Equipment assets were re-valued by Richard Waterson MRICS from Drivers Jonas.

Internal valuation

All external valuations were subject to a desktop review process by the Regeneration and Major Projects team.

Houses in multiple occupation were valued internally as at 1 April 2013.

Two assets held for sale (AHFS) were re-valued or reviewed as at 1 April 2013.

Rent To Mortgage properties were valued internally as at 1 April 2013.

These internal valuations were signed off by Richard Hawkes MRICS.

The significant assumptions applied in estimating the fair values are:

Existing Use Value (EUV) is defined as the estimated amount for which a property should exchange on the date of valuation between a willing buyer and a willing seller in an arm's-length transaction, after proper marketing. The parties are taken to have acted knowledgeably, prudently and without compulsion. The valuation will disregard potential alternative uses and any other characteristics of the property which would cause its market value to differ from that needed to replace the remaining service potential at least cost.

Where insufficient market-based evidence of fair value is available because an asset is specialised and/or rarely sold, the Code permits the use of Depreciated Replacement Cost (DRC).

Existing Use Value Social Housing (EUV-SH) is the estimated amount for which a property should exchange on the date of valuation, between a willing buyer and a willing seller, in an arm's-length transaction. There is presumption of proper marketing and that the parties are acting knowledgeably, prudently and without compulsion.

Market Value (MV)

Market Value is defined as 'The estimated amount for which a property should exchange on the date of valuation between a willing buyer and a willing seller in an arm's-length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion.'

12. Heritage Assets

a) Valuations at Market Value

A full explanation of the type of Heritage Assets can be found in note 43 to these Accounts (page 80). During 2013/14 no new heritage assets have been acquired; neither have any heritage assets been disposed of.

An assessment of impairment was undertaken and none was identified as at 31 March 2014. All heritage assets except for the category of non-operational property were last valued on 1 April 2011 by Coram James, specialist Art and Antique valuers - Robert James BA MRICS MNAVA undertook the valuation work. These assets are subject to a five year cycle of valuation where appropriate. The non operational property assets are valued at depreciated replacement cost.

NOTES TO THE CORE FINANCIAL STATEMENTS

Reconciliation of the Carrying Value of Heritage Assets Held by the Authority	The Great Mace	Furniture	Civic Regalia	Fire Arms	Pictures and Drawings	Non Operational Property Fountain & Sculpture	Total
	£000	£000	£000	£000	£000	£000	£000

31 March 2014	1,411	47	363	38	423	214	2,496

13. Investment Properties

The following items of income and expenditure have been accounted for in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

	2013/14 £000	2012/13 £000
Rental Income from Investment Property	7,447	7,092
Direct operating expenses arising from Investment Property	(959)	(686)
Net Gain/(Loss)	6,488	6,406

Investment property valuations were reviewed to identify assets that could have experienced a significant change in value. All such assets identified were valued as at 31 March 2014.

There are no restrictions on the Authority's ability to realise the value inherent in its investment property or on the Authority's right to the remittance of income and the proceeds of disposal. The Authority has no contractual obligations to purchase, construct or develop investment property.

The following table summarises the movement in the fair value of Investment Properties over the year:

NOTES TO THE CORE FINANCIAL STATEMENTS

	2013/14 £000	2012/13 £000
Balance at start of the year	92,744	86,488
Additions:		
Subsequent expenditure	466	529
Less:		
Disposals	-	(1,167)
Net gain/(loss) from fair value adjustments	93,210	85,850
Transfers:		
(To)/from Property Plant and Equipment	5,031	2,376
(To)/from Assets Held for Sale	-	345
Other Changes (net revaluation)	3,118	4,173
Balance at the end of the year	101,359	92,744

14. Intangible Assets

The Authority accounts for its software as an Intangible Asset, to the extent that the software is not an integral part of a particular IT system and accounted for as part of the hardware item of Property, Plant and Equipment. Intangible Assets includes both purchased licenses and software.

All software is given a finite useful life, based on assessments of the period that the software is expected to be of use to the Authority. The Council amortises intangible assets according to the expected economic useful life on a straight line basis.

The average amortisation period is 5 years.

	2013/14 £000	2012/13 £000
Balance at 1 April		
- Gross carrying amounts	1,129	561
- Accumulated amortisation	(302)	(201)
Net Carrying Amount at Start of Year	827	360
Additions:		
- Internal development	-	-
- Purchases	494	569
- Acquired through Business Combinations	-	-
Amortisation for the period	(214)	(101)
Other Changes	-	-
Net Carrying Amount at End of Year	1,107	827
Comprising:		
- Gross Carrying Amounts	1,623	1,129
- Accumulated Amortisation	(516)	(302)
	1,107	827

The amortisation of £0.2 million is shown in net cost of services under Non-Distributed Cost.

NOTES TO THE CORE FINANCIAL STATEMENTS

15. Financial Instruments

The following categories of financial instrument are carried in the Balance Sheet (page 27).

Categories of Financial Instruments	Long-term		Current	
	2013/14 £000	2012/13 £000	2013/14 £000	2012/13 £000

NOTES TO THE CORE FINANCIAL STATEMENTS

Maintenance Inventories

The Council holds stock of varying items (Building Materials, Winter Grit, Tarmac, Paving Slabs, Life Belts, Vehicle Parts, Personal Protective Equipment, Street Furniture, Fertiliser, etc.) to ensure services can run in a timely manner. This stock is held at the relevant depots.

Consumable Inventories

This includes stock of a non operational nature which includes Eye Care Vouchers, Prepaid Envelopes etc.

17. Short Term Debtors

The table below shows the amount that the Council was owed at 31 March 2014 by third parties, together with amounts paid by the Council in advance of receipt of goods or services.

	2013/14 £000	2012/13 £000
Central Government Bodies	1,990	3,819
Other Local Authorities	374	2,971
Other Entities and Individuals	12,772	5,478
Total	15,136	12,268

18. Cash and Cash Equivalents

The balance of Cash and Cash Equivalents is made up of the following elements:

	2013/14 £000	2012/13 £000
Cash Held by the Authority	14,353	12,205
Bank Current Accounts	(4,182)	(2,862)
Total Cash and Cash Equivalents	10,171	9,343

NOTES TO THE CORE FINANCIAL STATEMENTS

19. Assets Held for Sale

	Current		Non Current	
	2013/14 £000	2012/13 £000	2013/14 £000	2012/13 £000
Balance Outstanding at Start of Year	2,799	1,008	-	-
Assets newly classified as Held for Sale:				
Property Plant and Equipment	350	1,952	-	-
Council Dwellings	3,719	1,429	-	-
Assets declassified as Held for Sale:				
Property Plant and Equipment	-	(25)	-	-
Council Dwellings	(339)	(74)	-	-
Investment Property	-	(345)	-	-
Assets sold	(5,040)	(1,146)	-	-
Balance Outstanding as Year End	1,489	2,799	-	-

20. Short Term Creditors

The table below shows the amount that the Council owed as at 31 March 2014 to third parties, together with amounts received by the Council in advance of supply of goods or services.

	2013/14 £000	2012/13 £000
Central Government Bodies	(2,754)	(1,056)
Other Local Authorities	(1,490)	(3,763)
NHS Bodies	(25)	-
Other Entities and Individuals	(16,920)	(9,577)
Total	(21,189)	(14,396)

21. Provisions

Provisions for doubtful debts are separately disclosed against debtors on the Balance Sheet. The total value of Provisions held as at 31 March 2014 are:

	Outstanding Legal		Injury and Damage		Other Provisions		Total £000
	Current £000	Non Current £000	Current £000	Non Current £000	Current £000	Non Current £000	
Balance at 1 April 2012	-	(1,337)	-	-	-	(4,961)	(6,298)
Additional Provisions Made in Year	-	-	-	-	-	(62)	(62)
Amounts Used in Year	-	1,337	-	-	-	548	1,885
Unused Amounts Reversed in Year	-	-	-	-	-	2,266	2,266

Total Provisions as at 31 March 2013	-	-	-	-	-	(2,209)	(2,209)
Balance at 1 April 2013	-	-	-	-	-	(2,209)	(2,209)
Additional Provisions Made in Year	-	-	-	-	-	(1,924)	(1,924)
Amounts Used in Year	-	-	-	-	-	191	191
Unused Amounts Reversed in Year	-	-	-	-	-	-	-
Unwinding of Discounting in Year	-	-	-	-	-	-	-
Total Provisions as at 31 March 2014	-	-	-	-	-	(3,942)	(3,942)

Note: There is no injury and damage compensation provision (current or non-current).

NOTES TO THE CORE FINANCIAL STATEMENTS

Outstanding Legal Cases

There are no outstanding legal cases which we have made a provision for.

Other Provisions

Lord Mayors Deposit Scheme – There is a present obligation to pay out bonds to the landlord if the tenant defaults on rent or damages the property. The amount and frequency of these payments is unknown, and a provision is set up based on historical data that we hold.

Rent Deposit Scheme – There is a present obligation to the landlord, a large number of deposits are currently not returned due to damage to properties, and there is a probable outflow on these bonds. It is estimated that the payment will not be greater than the original bond.

NNDR Appeals - There is a new requirement for the Council to provide for potential future obligations arising from appeals made to the NNDR valuations.

22. Usable Reserves

Movements in the Authority's Usable Reserves are detailed in the Movement of Reserves Statement (page 25) and Note 6 (page 35).

23. Unusable Reserves

	2013/14 £000	2012/13 Restated £000	2012/13 £000
Revaluation Reserve	(27,324)	(33,186)	(54,895)
Capital Adjustment Account	(491,677)	(430,494)	(408,785)
Deferred Capital Receipts Reserve	(15,798)	(15,608)	(15,608)
Pensions Reserve	107,329	89,328	89,328
Collection Fund Adjustment Account	377	27	27
Accumulated Absences Account and Employee Reserve	1,331	1,082	1,082
Total Unusable Reserves	(425,762)	(388,850)	(388,850)

Restatement of the reserves has been necessary due to an accounting error. The error relates to revaluation gains on previously impaired Council Dwellings. The revaluation gain was credited to the revaluation reserve but should have been credited to the HRA and the Capital Adjustment Account. The restatement increases the Capital Adjustment Account and decreases the Revaluation Reserve balance brought forward as at 1 April 2013 by £21.7 million, of which £14.5 million relates to 2012/13 and the remaining £7.2 million is prior to 2012/13.

a) Revaluation Reserve

The Revaluation Reserve contains the gains made by the Authority arising from increases in the value of its Property, Plant and Equipment (and Intangible Assets). The balance is reduced when assets with accumulated gains are:

- revalued downwards or impaired and the gains are lost
- used in the provision of services and the gains are consumed through depreciation, or
- disposed of and the gains are realised

The Reserve contains only revaluation gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

NOTES TO THE CORE FINANCIAL STATEMENTS

Revaluation Reserve	2013/14 £000	2012/13 Restated £000	2012/13 £000
Balance at 1 April	(33,186)	(34,870)	(34,870)

Amount written off to the Capital Adjustment Account	-	281	281
Balance at 31 March	(27,324)	(33,186)	(54,895)

b) Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement and depreciation, impairment losses and amortisation are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Authority to finance the costs of acquisition, construction and enhancement.

The Account contains accumulated gains and losses on Investment Properties and gains recognised on donated assets that have yet to be consumed by the Authority. The Account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date that the Revaluation Reserve was created.

Note 6 (page 35) provides details of the source of all the transactions posted to the Account apart from those involving the Revaluation Reserve.

NOTES TO THE CORE FINANCIAL STATEMENTS

Movement in the Donated Assets Account credited to the Comprehensive Income and Expenditure Statement		-		-		-
Balance at 31 March		(491,677)		(430,494)		(408,785)

c) Deferred Capital Receipts Reserve

The Deferred Capital Receipts Reserve holds the gains recognised on the disposal of non-current assets but for which cash settlement has yet to take place. Under statutory arrangements, the Authority does not treat these gains as available for financing new capital expenditure until they are backed by cash. When the deferred cash settlement eventually takes place, amounts are transferred to the Capital Receipts Reserve.

	2013/14 £000	2012/13 £000
Balance at 1 April	(15,608)	(14,883)
Adjustment for restatement in respect of Finance Leases	-	-
Transfer of deferred sale proceeds credited as part of the (gain)/loss on disposal to the Comprehensive Income and Expenditure Statement	(481)	(733)
Transfer to the Capital Receipts Reserve upon receipt of cash	291	8
Balance at 31 March	(15,798)	(15,608)

NOTES TO THE CORE FINANCIAL STATEMENTS

d) Pension Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post employment benefits and for funding benefits in accordance with statutory provisions. The Authority accounts for post employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service; updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Authority makes employer's contributions to the Pension Fund or pays pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the resources the Authority has set aside compared to the benefits earned by past and current employees. The statutory arrangements ensure that funding will have been set aside by the time the benefits come to be paid.

	2013/14 £000	2012/13 £000
Balance at 1 April	89,328	97,923
Actuarial gains or losses on pensions assets and liabilities	13,426	(11,383)
Reversal of items relating to retirement benefits debited or credited to the (Surplus)/Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	11,399	8,892
Employer's pensions contributions and direct payments to pensioners payable in the year	(6,824)	(6,104)
Balance at 31 March	107,329	89,328

e) Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of Council Tax income in the Comprehensive Income and Expenditure Statement as it falls due from Council Tax payers compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.

	2013/14 £000	2012/13 £000
Balance at 1 April	27	6
Amount by which Council Tax Income credited to the Comprehensive Income and Expenditure Statement is different from Council Tax income calculated for the year in accordance with statutory requirements	350	21
Balance at 31 March	377	27

f) Accumulated Absences Account and Employment Reserve Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year, e.g. annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

The Employment Reserve accounts for the Termination Payments that have been accrued but not paid as at 31 March 2014. These accruals are reversed and therefore mitigated through the Movement in Reserves Statement.

NOTES TO THE CORE FINANCIAL STATEMENTS

	2013/14 £000	2012/13 £000
Accumulated Absences Account		
Balance at 1 April	1,082	1,902
Settlement or cancellation of accrual made at the end of the preceding year	(1,011)	(1,643)
Additional accrual during the year	1,260	823
Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements	249	(820)
Balance at 31 March	1,331	1,082

24 Operating Activities

	2013/14 £000	2012/13 £000
Operating activities within the Cashflow Statement include the following cashflows relating to Interest		
Cash Interest Received	438	532
Cash Interest Paid	(7,079)	(7,449)
Total	(6,641)	(6,917)

25. Investing Activities

	2013/14 £000	2012/13 £000
Purchase of Property, Plant and Equipment, Investment Property and Intangible Assets	22,003	16,360
Purchase of short-term and long-term investments	17,774	9,223
Proceeds from the sale of Property, Plant and Equipment, Investment Property and Intangible Assets	(10,688)	(5,716)
Other capital cash receipts in advance	(2,988)	(2,034)
Total Cash Flows from Investing Activities	26,101	17,833

26. Financing Activities

	2013/14 £000	2012/13 £000
Repayment of Long Term Borrowing	1,628	643
Other receipts from Financing Activities	(248)	(112)
Payments for the reduction of a Finance Lease Liability	92	129
Total Cash Flows from Financing Activities	1,472	660

NOTES TO THE CORE FINANCIAL STATEMENTS

27. Amounts Reported for Resource Allocation Decisions

The analysis of income and expenditure by service on the face of the Comprehensive Income and Expenditure Statement is that specified by the *Service Reporting Code of Practice*. However, decisions about resource allocation are taken by the Authority's Full Council on the basis of budget reports analysed across services. These reports are prepared on a different basis from the accounting policies used in the financial statements. In particular:

- no charges are made in relation to Capital Expenditure (whereas depreciation, revaluation and impairment losses in excess of the balance on the Revaluation Reserve and amortisations are charged to services in the Comprehensive Income and Expenditure Statement).
- the cost of retirement benefits is based on cash flows (payment of employer's pension contributions) rather than current service cost of benefits accrued in the year.
- expenditure on some support services is budgeted for centrally and not charged to services.

The Income and Expenditure of the Authority's principal services recorded in the budget reports for the year is as follows:

Services Income and Expenditure

	City Regeneration £000	Community Services £000	Organisational Development & Corporate Services £000	Total Cost of Services £000
2013/14				
Fees, Charges and other Service Income	(51,470)	(49,659)	(19,641)	(120,770)
Government Grants	(92)	(1,960)	(66,945)	(68,997)
Revaluation Gain Council Dwellings	(42,943)	-	-	(42,943)
Total Income	(94,505)	(51,619)	(86,586)	(232,710)
Employee expenses	8,478	28,328	12,504	49,310
Other service expenses	17,241	29,296	71,812	118,349

NOTES TO THE CORE FINANCIAL STATEMENTS

28. Trading Operations

A number of operations that the Council undertakes are technically classified as Trading Operations. Most of these operations provide services on an internal basis to other parts of the Authority. The activities set out below are included in Net Operating Expenditure.

		2013/14 £000	2012/13 £000
Building Control Charging Account	Turnover	(453)	(418)
	Expenditure	552	497
	(Surplus)/Deficit	99	79
Trade Refuse & Recycling	Turnover	(2,541)	(2,374)
	Expenditure	1,586	1,351
	(Surplus)/Deficit	(955)	(1,023)
Estates	Turnover	(1,845)	(2,166)
	Expenditure	1,287	1,619
	(Surplus)/Deficit	(558)	(547)
Net Surplus on Trading Operations		(1,414)	(1,491)

29. Agency Services

The Council carried out certain works on behalf of Oxfordshire County Council during the year for which it was fully reimbursed. This includes routine and other maintenance.

		2013/14 £000	2012/13 £000
Routine Maintenance Expenditure		1,334	1,305
Administrative Costs		-	-
Net Expenditure recharged to Oxfordshire County Council arising from the Agency Arrangement		1,334	1,305

For a number of years, Oxford City Council have exercised their right under Section 42 of the Highways Act to maintain the unclassified roads in Oxford using funding provided by Oxfordshire County Council.

This work covers areas such as pothole maintenance, footpath maintenance, road improvement schemes, carriageway surface dressing, grass verge cutting and road and path side tree maintenance. Also included are winter maintenance, white lining and drainage maintenance.

Currently the City Council's in-house service providers carry out the maintenance operation of S42. This work is split into four; Highways Engineering, Carriageway and Pavement Maintenance and Grass Cutting which are undertaken by the Engineering teams and Grounds Maintenance teams respectively. The fourth area of work is Tree Maintenance, which is carried out by the Leisure & Parks Tree team.

30. Members' Allowances

The Authority paid the following amounts to Members of the Council during the year:

NOTES TO THE CORE FINANCIAL STATEMENTS

	2013/14 £000	2012/13 £000
Members' Allowances		
Allowances	330	332
Expenses	4	3
Total Payments	334	335

31. Officers Remuneration - Senior Employees

The remuneration paid to the Authority's senior employees is as follows:

Name/Title		Salary, Fees and Allowances	Pension Contributions	Total
		£	£	£
Chief Executive	2013/14	139,860	28,251	168,111
	2012/13	140,000	28,280	168,280
Executive Director, City Regeneration	2013/14	111,229	22,468	133,697
	2012/13	109,541	22,127	131,668
Executive Director, Community Services	2013/14	111,229	22,468	133,697
	2012/13	109,500	22,119	131,619
Executive Director, Organisational Development and Corporate Services	2013/14	111,229	22,468	133,697
	2012/13	108,703	21,780	130,483
Head of Law & Governance/Monitoring Officer	2013/14	84,462	16,980	101,442
	2012/13	83,236	17,172	100,408
Head of Finance/Section 151 Officer	2013/14	84,462	16,980	101,442
	2012/13	82,096	15,352	97,448

The Authority's other employees receiving more than £50,000 remuneration for the year (excluding employer's pension contributions) were paid the following amounts:

Other Employees Receiving more than £50,000	Number of employees 2013/14	Number of employees 2012/13
£50,000 - £54,999	8	7
£55,000 - £59,999	6	3

NOTES TO THE CORE FINANCIAL STATEMENTS

An amount equivalent to the grant received from the Department for Culture, Media and Sport to support the Free Swimming programme was paid to Fusion Lifestyle, the charity responsible for the management of the Council's Leisure Centres.

The Authority has received a number of grants and contributions that have yet to be recognised as income as they have conditions attached to them that will require the money to be returned to the provider if they are not used for the purpose specified. The balances at the year end are as follows:

Capital Grants Receipts in Advance

	2013/14 £000	2012/13 £000
Barton Adventure Play Park	25	93
West End Partnership	17	260

NOTES TO THE CORE FINANCIAL STATEMENTS

34. Related Parties

The Authority is required to disclose material transactions with related parties i.e. bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another parties ability to bargain freely with it.

Central Government has significant influence over the general operations of the Authority - it is responsible for providing the statutory framework within which the Authority operates, provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the Authority has with other parties (e.g. Council Tax bills, Housing Benefits). Grants received from government departments are set out in the subjective analysis in Note 27 (page 60) on reporting for resources allocation decisions. Grant receipts outstanding at 31 March 2014 are shown in Note 33 (page 64).

Members of the Council have direct control over the Council's financial and operating policies. A number of members and senior officers are members of voluntary organisations which receive small grants and funding from the Council. The grants and funding were made with proper consideration of declarations of interest. The Register of Members' Interest is held at the Town Hall, and is open for public inspection. No material interests have been declared. A number of Members serve on both the City Council and Oxfordshire County Council, this is not considered material. The total of members allowances is shown in Note 30 (page 62).

Members represent the Council on various organisations. Appointments are reviewed annually, unless a specific termination date for the term of office applies. None of these appointments places the Members concerned in a position to exert undue influence or control. A grant of approximately £93,000 was paid to a voluntary organisation of which two members close family are trustees. This grant was made with proper consideration of their declarations of interest.

There are a number of senior officers who are appointed Directors of the Barton Oxford LLP, an arms length company set up between the Council and Grosvenor Developments Limited to facilitate new housing in Barton.

The Council has the following relationships, none of which are considered material under the Accounting Code of Practice.

- Central Government – Central Government provide a number of grants to local authorities.
- Housing Associations – the Council is a partner with various Housing Associations for the purpose of providing Social Housing.
- Oxfordshire County Council – the Council undertakes agency work on behalf of the County Council. The County Council administers the Council's local government pension scheme.
- Oxfordshire County Council - the Council utilises the ICT service provided by Oxfordshire County Council., for a period ending 31 March 2016.
- Fusion Lifestyle - The Council has a contract with Fusion Lifestyle a social enterprise with charitable status to manage and develop the Council's seven public leisure facilities.
- Barton Oxford LLP – an arms length company set up between the Council and Grosvenor Developments Limited to facilitate new housing in Barton.
- Local Boards and Trusts – Officers and Members represent the Council on various organisations, there are no material transactions.
- Visit Oxfordshire - the Council works closely with Visit Oxfordshire to provide tourism across the city.

NOTES TO THE CORE FINANCIAL STATEMENTS

35. Capital Expenditure and Capital Financing

The total amount of capital expenditure incurred in the year is shown in the table below (including the value of assets acquired under finance leases), together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Authority, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Authority that has yet to be financed. The CFR is analysed in the second part of this note.

The Council is required to make a charge to its revenue account to reflect debt repayment, Minimum Revenue Provision (MRP). At 1 April 2013 the Council had a negative non-housing CFR and therefore no MRP is required in 2013/14.

	2013/14 £000	2012/13 £000
Opening Capital Financing Requirement	218,120	221,207
Capital Investment		
Property Plant and Equipment	19,956	13,891
Investment Properties	466	529
Intangible Assets	494	569
Revenue Expenditure Funded from Capital under Statute	1,087	1,371
Total Capital Spend	22,003	16,360
Sources of Finance		
Capital Receipts	(3,876)	(1,508)
Government Grants and other Contributions	(2,426)	(9,424)
Sums Set Aside from Revenue	(13,179)	(5,428)
Finance Leases	(92)	(322)
MRP/Loans fund principal	-	(2,766)
Sources of Finance Total	(19,573)	(19,448)
Closing Capital Financing Requirement	220,550	218,120
Explanation of Movements in Year		
(Increase) in Underlying Need to Borrow (unsupported by Government Financial Assistance)	(2,430)	-
Decrease in Underlying Need to Borrow (unsupported by Government Financial Assistance)	-	3,088
(Increase)/Decrease in Capital Financing Requirement	(2,430)	3,088

36. Leases

a) Authority as Lessee

FINANCE LEASE

The Council has recognised an administrative building, and equipment where the Council acts as a service operator where assets are held under finance leases. The assets acquired under these leases are carried as Property, Plant and Equipment in the Balance Sheet at the following net amounts.

NOTES TO THE CORE FINANCIAL STATEMENTS

	31 Mar 2014	31 Mar 2013
	£000	£000
Other Land and Buildings	141	147
Vehicles, Plant, Furniture and Equipment	18	170
Total	159	317

The Authority is committed to making minimum payments under these leases comprising settlement of the long-term liability for the interest in the property acquired by the Authority and finance costs that will be payable by the Authority in future years while the liability remains outstanding. The minimum lease payments are made up of the following:

	31 Mar 2014	31 Mar 2013
	£000	£000
Finance lease liabilities (net present value of minimum lease payments)		
- Current	8	92
- Non Current	252	260
Finance Costs Payable in Future Years	124	135
Minimum Lease Payments	384	487

The minimum lease payments are payable over the following periods:

	Minimum Lease Payments		Finance Lease Liabilities	
	31 Mar 2014	31 Mar 2013	31 Mar 2014	31 Mar 2013
	£000	£000	£000	£000
Not later than one year	17	103	8	92
Later than one year and not later than five years	67	67	33	32
Later than five years	300	317	219	228
Total	384	487	260	352

The minimum lease payments do not include rents that are contingent on events taking place after the lease was entered into, such as adjustments following rent reviews. In 2013/14 £215,720 contingent rents were payable by the Authority (£269,650 in 2012/13)

OPERATIONAL LEASES

The Council leases property on operating lease arrangements with typical lives of 30 years. The future minimum lease payments due under non-cancellable leases in future years are:

	31 Mar 2014	31 Mar 2013
	£000	£000
Operating Leases		
Not later than one year	640	713
Later than one year and not later than five years	984	1,248
Later than five years	1,702	1,431
Total	3,326	3,392

NOTES TO THE CORE FINANCIAL STATEMENTS

The following lease payments recognised as expenses, with separate amounts for the contingent rents and sublease payments receivable.

	31 Mar 2014 £000	31 Mar 2013 £000
Minimum lease payment	1,298	732
Contingent rent	463	35
Sublease payment receivable	(35)	(35)
Total	1,726	732

b) Authority as Lessor

FINANCE LEASES

The Authority leases out many properties, and an assessment has been undertaken to establish those that are considered to have transferred the risks of ownership to the lessee. The Land Elements are considered to be Operational Leases, but in some cases the Building Element is considered to have transferred risks and rewards and are therefore treated as finance leases.

	31 Mar 2014 £000	31 Mar 2013 £000
Finance Lease debtor (net present value of minimum lease payments)		
- Current	7	7
- Non Current	9,826	9,849
Unearned Finance Income*	-	-
Unguaranteed Residual Value of Property**	577	577
Gross Investment in the Lease	10,410	10,433

* Detail required by paragraph 4.2.4.2(10) of the code

** Detail required by paragraph 4.2.4.2(11) of the code.

The gross investment in the lease and the minimum lease payments will be received over the following periods:

	Gross Investment In The Lease		Minimum Lease Payments	
	31 Mar 2014 £000	31 Mar 2013 £000	31 Mar 2014 £000	31 Mar 2013 £000
Not later than one year	7	7	7	7
Later than one year and not later than five years	31	29	31	29
Later than five years	10,372	10,397	9,027	9,820
Total	10,410	10,433	9,065	9,856

The minimum lease payments do not include rents that are contingent on events taking place after the lease was entered into, such as adjustments following rent reviews. In 2013/14 £297,000 were receivable by the Authority (2012/13 £311,000)

NOTES TO THE CORE FINANCIAL STATEMENTS

OPERATIONAL LEASES

The Council leases out Property and equipment as Operational Leases. These include shorter term leases, where the risks and rewards are retained by the Council. The future minimum lease payment receivable are stated, as well as the expected estimated continuation of the leases over the remaining lives of the asset:

Operating Leases	31 Mar 2014 £000	31 Mar 2013 £000
Not later than one year	5,667	5,585
Later than one year and not later than five years	19,986	20,909
Later than five years	61,254	63,561
Total	86,907	90,055

The minimum lease payments receivable do not include rents that are contingent on events taking place after the lease was entered into.

In 2013/14 £1.85 million contingent rents were received by the Authority (£1.35 million in 2012/13).

37. Impairment Losses

Impairment losses during 2013/14 are included in Note 11 (page 46).

38. Termination Benefits and Exit Payments

Termination benefits are payable as a result of either:

- An employer's decision to terminate an employee's employment before the normal retirement date, or
- An employee's decision to accept voluntary redundancy in exchange for termination benefits.

The Council's IAS 19 report includes termination curtailment costs of £182,000, and the entries are charged to the Comprehensive Income and Expenditure account in the way specified by the termination cost requirement. The Council's termination costs were reflected in the IAS 19 report; there were no new costs other than those in the IAS 19 report recognised in 2013/14.

A payment in respect of previously recognised costs amounted to £188,000, these were initially charged in past cost of service in the Comprehensive Income and Expenditure Account, and were removed to avoid double counting. These costs were then reinstated via the Movement in Reserves Statement to allow the burden to fall on the General Fund in line with the minimum required charge.

	2013/14 £000	2012/13 £000
Termination costs B/fwd	258	480
New termination costs in year	-	18
Less costs removed in year	(188)	(240)
Balance C/fwd	70	258

Exit Payments

Exit payments are required to be disclosed in bands of £20,000 up to £100,000 and bands of £50,000 thereafter, shown on Note 31 (page 63). The exit payment includes pension strain costs on termination as well as redundancy and other payments. However, pension strain costs represent a future liability rather than a current year payment. The termination costs and IAS 19 costs do not include redundancy payments which are included in the disclosure note for exit payments.

NOTES TO THE CORE FINANCIAL STATEMENTS

The Authority terminated the contracts of a number of employees in 2013/14, incurring total costs of £606,000 (£610,000 in 2012/13).

39. Defined Benefit Pension Scheme

a) Participation in the Pension Scheme

As part of the terms and conditions of employment of its Officers, the Authority makes contributions towards the costs of Scheme Member Employment Benefits. Although these benefits will not actually be payable until an employee retires, the Authority has a commitment to make the payments at the time that the employee earns their future entitlements.

b) Transactions Relating to Post Employment Benefits

The costs of retirement are recognised and reported in the Cost of Service when they are earned by the employees, rather than when the benefits are paid. However, the charge required to be made to the Council Tax is based on the cash payable in the year, so the real costs of post employment retirement benefits is reversed out of the General Fund via the Movement in Reserves Statement.

The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund balance via the Movement in Reserves Statement during the year:

Transactions Relating to Post Employment Benefits	Local Government Pension Scheme		
	2013/14 £000	IAS Revised 2012/13 £000	2012/13 £000
Cost of Services			
Current Service Cost	7,244	6,754	6,445
Past Service Costs	182	-	(479)
Settlements and Curtailments	-	-	309
Administration Expenses	102	99	-
Financing and Investment Income and Expenditure			
Interest Cost	3,871	4,365	11,424
Expected Return on Scheme Assets			(8,807)
Total Post Employment Benefit Charged to the Surplus/(Deficit) on the Provision of Services	11,399	11,218	8,892
Other Post Employment Benefit Charged to the Comprehensive Income and Expenditure Statement			
Remeasurement of the Net Benefit Liability Comprising			
Return on Plan Assets (excluding amount included in the net interest expense)	(1,171)	(25,488)	-
Other actuarial gains/(losses) on assets	2,643	-	-
Changes in Financial Assumptions	8,725	11,934	-
Actuarial gains and losses arising on the change of demographic assumptions	14,230	-	-
Experience loss/(gains) on defined benefit obligation	(11,001)	325	(11,383)
Total Post Employment Benefit Charged to the Comprehensive Income and Expenditure Statement	13,426	(13,229)	(11,383)
Movement in Reserves Statement			
Reversal of Net Charges made to the Surplus/(Deficit) for the Provision of Services for Post Employment Benefits in accordance with the Code	(11,399)	(11,218)	(8,892)
Actual amount charges against the General Fund Balance for pensions in the year			
Employers' Contributions Payable to Scheme	6,824	6,104	6,104

NOTES TO THE CORE FINANCIAL STATEMENTS

The Cumulative amount of actuarial gains and losses recognised in the Comprehensive Income and Expenditure Account at 31 March 2014 is £37.4 million loss. (£24.2 million loss as at 31 March 2013).

c) Basis for Estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the projected unit credit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels etc. Both the Local Government Pension Scheme and discretionary benefit liabilities have been assessed by Barnett Waddingham, an independent firm of actuaries. Estimates for the Council Fund are based on the latest valuation of the scheme as at 31 March 2014 is set out below.

The principal assumptions used by the actuary are:

	2013/14	2012/13
Long-term Expected Rate of Return on Assets in the Scheme:		
Equity Investments	7.00%	6.00%
Bonds	3.90%	3.41%
Average All	5.03%	4.13%
Mortality Assumptions:		
Longevity at 65 for Current Pensioners		
Men	23.2	19.2 years
Women	25.5	23.2 years
Longevity at 65 for Future Pensioners		
Men	25.4	21.1 years
Women	27.9	25.1 years
Rate of Inflation		
RPI	3.60%	3.40%
CPI	2.80%	2.60%
Rate of increase in Salaries	4.60%	4.40%
Rate of Increase in Pensions	2.80%	2.60%
Rate for Discounting Scheme Liabilities	4.50%	4.50%
Take up option to convert annual pension to lump sum	50.00%	50.00%

Members Assumption

Members will exchange half of their commutable pension for cash at retirement. Active members will retire one year later than they are first able to without reduction.

Proportion of Assets Held	2013/14	2012/13
	%	%
Equity Investments	68	69
Debt Instruments	16	16
Other Assets	16	15
Total	100	100

NOTES TO THE CORE FINANCIAL STATEMENTS

d) Reconciliation of Present Value of the Scheme Liabilities (Defined Benefit Obligation)

	2013/14 £000	IAS Revised 2012/13 £000	2012/13 £000
Opening Balance 1 April	275,402	251,205	251,205
Current Service Cost	7,244	6,445	6,445
Interest Cost	12,216	11,424	11,424

NOTES TO THE CORE FINANCIAL STATEMENTS

The expected return on assets is determined by considering the expected returns available on the assets underlying the current investment policy. Expected yields on fixed interest investment are based on gross redemption yields as at the Balance Sheet Date. Expected returns on equity investments reflect long term rates of return experienced in respective markets.

40. Contingent Liabilities

There is a contingent liability relating to a Council Tax matter on which the Council had originally been awarded a bankruptcy order. An application has been made to annul the order due to the defendants lack of capacity. If successful, the Council may be liable to costs which are uncertain but may be in the order of £0.1 million.

41. Contingent Assets

Old Fire Station Bond Claim

During 2011/12 the Council undertook a scheme for the refurbishment of one of its' property assets at the 'Old Fire Station' at a cost of around £3 million. During the course of the works the lead contractor ROK filed for liquidation. Appointing an alternative contractor incurred additional costs to the Council in the order of £0.2 million which it is currently attempting to recover from the contract bond. Negotiations are on going with the bondsman and are expected to be resolved by August 2014. It is still difficult to predict the outcome.

42. Nature and Extent of Risks Arising from Financial Instruments

The Council's overall risk management programme focuses on minimising the Council's exposure to the unpredictability of financial markets and to protect the financial resources available to fund services. The Council has fully adopted CIPFA's Code of Treasury Management Practices and has written principles for overall risk management as well as policies and procedures covering specific areas such as credit risk, liquidity risk, refinancing risk and market risk.

a) Credit Risk

Credit risk arises from short-term lending of surplus funds to banks, building societies and other Local Authorities as well as credit exposures to the Council's customers. It is the Council's policy to place funds only with a limited number of high quality banks, building societies and other Local Authorities whose credit rating is independently assessed as sufficiently secure by the Council's Treasury Advisors and to restrict lending to a prudent maximum amount for each financial institution. In addition the Council has invested in a Property Fund, which has been assessed by the Council and their Treasury Advisors. The Council also maintains a formal counterparty policy in respect of those financial institutions and other bodies from which it may borrow, or with whom it may enter into other financing arrangements.

In October 2008 the Icelandic banking sector defaulted on its obligations. The Council had £4.5 million invested in this sector at that time. Over the last few years we have received a substantial amount of these deposits back and now have only £0.5 million outstanding, and this is expected to be received almost in its entirety over the next few months.

The authority does not generally allow credit for customers, such that all creditors are due within 3 months.

The Authority's maximum exposure to credit risk in relation to its investments in banks and building societies was £61m as at 31 March 2014 and cannot be assessed generally as the risk of any institution failing to make interest payment or repay the principal sum will be specific to each individual institution. Recent experience has shown that it is rare for such entities to be unable to meet their commitments. A risk of un-recoverability applies to all of the Authority's deposits, but there was no evidence at the 31 March 2014 that this was likely to crystallise.

NOTES TO THE CORE FINANCIAL STATEMENTS

The Authority has increased risk with its investment in CCLA (Charities, The Church of England and Local Authorities), however this is mitigated by the provision of an Earmarked Reserve.

b) Liquidity Risk

The Council has ready access to borrowing from the Public Works Loan Board. As a result, there is no significant risk that the Council will be unable to raise finance to meet its commitments under financial instruments. The Council has safeguards in place to ensure that a significant proportion of its borrowing does not mature for repayment at any one time to mitigate the impact of re-borrowing at a time of unfavourable interest rates. The Council has specific percentage limits for debt maturing in different periods to ensure an excessive amount of loans do not fall due for repayment at the same time. This ensures prudent planning of new loans taken out and, where it is economic to do so, making early repayments.

c) Refinancing and Maturity Risk

The Council maintains a significant investment portfolio. Whilst the cash flow procedures cover the short and medium term cash needs, the risk in the longer term relates to the danger of having to replace a maturing long term investment at disadvantageous rates.

The approved prudential indicator limiting the amount of funds placed in investments for terms exceeding one year is a key factor limiting this risk, as is a medium term financial policy on reducing the Council's reliance on interest earnings to fund its core activities.

The Council's Treasury and Investment Strategy addresses the main risks and the Council's treasury team address the operational risks within the approved parameters. These include:

- Monitoring the maturity profile of financial liabilities and amending the profile through either new borrowing or the rescheduling of existing debt or ensuring sufficient funds to make repayments on due dates; and
- Monitoring the maturity profile of investments to ensure sufficient liquidity is available for the Council's day-to-day cash flow needs, and the spread of longer-term investments providing stability of maturities and returns in relation to the longer-term cash flow needs.

The maturity analysis of financial liabilities is as follows:

	2013/14 £000	2012/13 £000
Up to 1 year	17,749	15,248
Between 1 and 5 years	1,434	2,779
Between 5 and 10 years	20,000	20,000
Over 10 years	178,528	178,528
	217,711	216,555

NOTES TO THE CORE FINANCIAL STATEMENTS

Financial liabilities and financial assets represented by loans and receivables are carried in the Balance Sheet at amortised cost. Their fair value can be assessed by calculating the present value of the cash flows that will take place over the remaining term of the instruments, using the following assumptions:

- no early repayment or impairment is recognised
- where an instrument will mature in the next 12 months, the fair value is assumed to be equal to the carrying amount.

d) Analysis of Financial Liabilities

The analysis of financial liabilities is included in the table below. The amortised cost is an accumulation of the principal and accrued interest. The fair value is as per the notification received from the Public Works Loan Board (PWLB). The fair value of the liabilities is higher than the amortised cost due to the premiums that would become payable if the loans were to be repaid.

	2013/14 £000	2012/13 £000
Short Term Borrowing - Public Works Loan Board	730	910
Short Term Borrowing - South Oxfordshire District Council	-	282
Long Term Borrowing - Public Works Loan Board	199,710	200,440
Deferred Liability - South Oxfordshire District Council	-	607
Local Bonds	4	4
Finance Lease Liability	260	352
Cash	(4,182)	(2,862)
Creditors	21,189	16,822
	217,711	216,555
Amortised Cost	217,711	216,555
Fair Value	220,853	219,765

e) Analysis of Financial Assets

The analysis of Financial Assets is shown in the table below. The amortised cost is an accumulation of the principal and the accrued interest. The majority of investments are at a fixed rate and for a fixed term therefore the accrued interest is based on the agreed rates at the inception date of the investment, and therefore a fair value has not been used as a comparator.

The Council also has £3 million invested in CCLA Property Fund, a fair value for this investment has been included.

	2013/14 £000	2012/13 £000
Short Term Investments	62,133	45,073
Long Term Investments	2,894	32
Debtors	15,136	14,694
Long Term Debtors	17,099	16,774
	97,262	76,573
Amortised Cost	97,496	76,573

NOTES TO THE CORE FINANCIAL STATEMENTS

All trade and other payables are due to be paid in less than one year.

f) Market Risk

Interest rate risk – The Council is exposed to interest rate movements on its borrowings and investments. Movements in interest rates have a complex impact on the Council, depending on how variable and fixed interest rates move across differing financial instrument periods. For instance, a rise in variable and fixed interest rates would have the following effects:

- Borrowings at variable rates – the interest expense charged to the Income and Expenditure Account will rise
- Borrowings at fixed rates – the fair value of the borrowing liability will fall
- Investments at variable rates – the interest income credited to the Income and Expenditure Account will rise
- Investments as fixed rates – the fair value of the assets will fall

Borrowings are not carried at fair value on the Balance Sheet, so nominal gains and losses on fixed rate borrowings would not impact on the Income and Expenditure Account. However, changes in interest payable and receivable on variable rate borrowings and investments will be posted to the Income and Expenditure Account and affect the General Fund Balance, subject to influences from Government grants. Movements in the fair value of fixed rate investments will be reflected in the movement in reserves, unless the investments have been designated as Fair Value through the Income and Expenditure Account.

The Council has a number of strategies for managing interest rate risk. The Annual Treasury Management Strategy draws together the Council's prudential indicators and its expected treasury options, including an expectation of interest rate movements. From this Strategy a prudential indicator is set which provides maximum and minimum limits for fixed and variable interest rate exposure. The Council's treasury team monitor market and forecast interest rates within the year to adjust exposures appropriately, for instance, during periods of falling interest rates, and where economic circumstances make it favourable, fixed rate investments may be taken for longer periods to secure better long term returns.

The risk of interest rate loss is partially mitigated by Government grant payable on financing costs.

The Council does not have any variable rate borrowings, therefore the impact of a 1% increase or decrease in interest rates would have a nil financial impact. However it does have deposits in Money Market Funds (MMF), which are at a variable rate. These funds fluctuate daily but within a range of approximately 0.01%. A 1% increase or decrease in interest rates would impact up to £200,000 per year.

Price Risk – The Council has investments in a Property Fund, the unit price can fluctuate both up and down and is monitored closely by the Council. It is also mitigated by an Earmarked Reserve.

Foreign Exchange Risk – The Council does not partake in any financial assets or liabilities denominated in foreign currencies.

g) Financial Instruments Gains and Losses

There are no gains or losses recognised in the Consolidated Income and Expenditure Statement in relation to financial instruments in this financial year.

NOTES TO THE CORE FINANCIAL STATEMENTS

h) Fair value of Assets and Liabilities carried at Amortised Cost

Financial liabilities and financial assets represented by loans and receivables are carried on the Balance Sheet at amortised cost. Their fair value can be assessed by calculating the present value of the cash flows that take place over the remaining life of the instruments, using the following assumptions:

- For loans from the Public Works Loan Board (PWLB) and other loans payable, premature repayment rates from the PWLB have been applied to provide the fair value under PWLB debt redemption procedures;
- For loans receivable prevailing benchmark market rates have been used to provide the fair value;
- No early repayment or impairment is recognised;
- For Property Fund investments, the unit price has been used to provide the fair value;
- Where an instrument has a maturity of less than 12 months or is a trade or other receivable the fair value is taken to be the principal outstanding or the billed amount;
- The fair value of trade and other receivables is taken to be the invoiced or billed amount.

The fair values calculated are as follows:

Fair Value of Assets and Liabilities carried at Amortised Cost	2013/14		2012/13	
	Carrying amount £000	Fair Value £000	Carrying amount £000	Fair Value £000
PWLB Debt	200,444	203,586	201,353	219,765
Non - PWLB Debt	-	-	889	889
Total Debt	200,444	203,586	202,242	220,654
Trade Creditors	16,920	16,920	9,577	9,577
Total Financial Liabilities	217,364	220,506	211,819	230,231
Money Market Loans < 1year	62,133	62,133	45,073	45,073
Money Market Loans > 1year	2,894	3,127	-	-
Long Term Debtors	17,099	17,099	16,774	16,774
Trade Debtors	12,772	12,772	5,478	5,478
Total Loans and Receivables	94,898	95,132	67,325	67,325

NOTES TO THE CORE FINANCIAL STATEMENTS

43. Heritage Assets Five Year Summary of Transactions

This Statement discloses the major transactions that have taken place on Heritage Assets. The Assets were shown in 2010/11 for the first time and were introduced mainly at Market Value. The assets were revalued as at 1 April 2010 and therefore as at that date are now showing in our accounts; it was impractical to obtain valuations before this date.

The assets not shown at Market Value are the non operational property assets which are based on Depreciated Historic Cost and the Donated asset. In 2011/12 a Donated Asset was recorded at the cost to the donor. The Donated asset is shown at £14,000; a valuation would have cost the Council which was considered to be not commensurate to the benefit of obtaining the value.

During 2013/14 there have been no purchases, disposals, impairments or additional donated assets. The 2013/14 column below is therefore nil but has been provided to comply with the Code of Practice.

	2013/14 £000	2012/13 £000	2011/12 £000	2010/11 £000
Cost/value of Acquisitions of Heritage Assets

Heritage Assets: Further Information on the Museum's Collections

The Great Mace, Plate Room Silver Plaques and Cutlery and the Willis Organ

This collection includes a number of maces and silver cups of historic interest and importance. The Great Mace circa 1660 was made to coincide with the restoration of Charles II, with the previous Commonwealth mace being used in the making of the Great Mace.

The Plate Room includes many cups and trophies, while many other silver items of cutlery, badges, tankards are retained in the collection held by the Council.

NOTES TO THE CORE FINANCIAL STATEMENTS

Other historic cups are displayed and these include the Coronation Cup given by Charles II to the City of Oxford.

A late 19th Century Organ built by Henry Willis and Sons in 1896-7 is sited in the Main Hall of the Town Hall. The Organ is rococo style case with three towers and two flats. For the purpose of grouping assets into categories the value has been placed in with the Great Mace.

Furniture

The Furniture recorded as heritage assets excludes four notable mahogany sets of furniture. The Authority considers that due to a combination of the diverse nature and immaterial values, obtaining valuations for any less significant furniture would involve a disproportionate cost in relation to the benefit to the users of financial statements and therefore they are not included on the Balance Sheet.

Civic Regalia and Chains of Office

The Chains of Office include those belonging to the Lord Mayor and Mayoress, the Sheriff and Sheriff's lady, and Deputy Lord Mayor. These are very ornate and valuable items mainly of gold and enamel. The Lord Mayor chain dates back to 1883, and includes a badge relief decorated and enameled with the City Arms.

Firearms

The Firearms date back to the 17th Century, and include a collection of English Lock Muskets. The Firearms are displayed in the Town Hall in glass fronted cases.

Pictures and Drawings

The Art Collection includes paintings (both oil and watercolour) and sketches and is reported on the Balance Sheet at Insurance Value.

A large number of Portraits are to be found in the collection, as well as oils on canvass such as "The rape of the Sabines" presented to the Council by the Duke of Marlborough in 1901.

Memorial Gardens and City Walls

The Authority has identified War Memorials and Garden in St Giles, and the War Memorial in Marston Road, which along with the ancient City walls and Bastion (inside New College, and Hall Street) and the Rewley Abbey Wall meet the criteria of Heritage assets. However, due to their diverse nature these assets lack any comparable market values and cost records do not exist. The cost of providing a Balance Sheet valuation on these assets would be disproportionate to any benefit to the user of the Authorities financial statements and therefore are excluded from the Balance Sheet.

Heritage Non Operational Property

A number of Properties owned by Oxford City are of historic interest but these are operational assets and therefore held within Property, Plant and Equipment.

The Authority has identified the Plain Fountain, comprising an ornate stone fountain covered by an octagonal plate roofed open sided structure with stone columns. A clock with four faces is sited on top of the roof with a decorative metal weather vane installed above. This is a significant Asset in terms of its cultural and Heritage presence and the Asset is included in the Balance Sheet at its Depreciated replacement Cost.

Oxford City First Registration number Plate

The Council Mayors Car carries the first registration plate issued in Oxford, and the plate is valued at market value.

HOUSING REVENUE ACCOUNT FOR THE YEAR ENDED 31 MARCH 2014

H1.1 Housing Revenue Account Income and Expenditure Statement

	Note	2013/14 £000	2012/13 £000
Expenditure			
Repairs & Maintenance		10,274	10,904
Supervision & Management		7,292	7,519
Rents, Rates, Taxes & Other Charges		6	(1,090)
Negative HRA Subsidy Payable		-	(231)
Depreciation and Impairment of Non-Current Assets		7,753	10,713
Debt management costs		-	-
Movement in the Allowance for Bad Debts (not specified by the Code)	2.9	179	182
Sums directed by the Secretary of State that are expenditure in accordance with the code		-	-
Total Expenditure		25,504	27,997
Income			
Dwelling Rents (Gross)		(39,773)	(37,208)
Non Dwelling Rents (Gross)		(0)	(1,571)
Charges for Services & Facilities		(1,978)	(1,703)
Revaluation Gain reversing impairment		(42,943)	
Total Income		(84,694)	(40,482)
Net Cost of HRA Services as included in the Comprehensive Income and Expenditure Statement		(59,190)	(12,485)
HRA Services' share of Corporate and Democratic Core		189	198
Net Income for HRA Services		(59,001)	(12,287)
HRA share of the Operating Income and Expenditure included in the Comprehensive Income and Expenditure Statement:			
(Gain)/Loss on Sale of HRA Fixed Assets		(1,826)	576
Interest Payable and Similar Charges		7,798	6,895
Interest and Investment Income	2.7	(44)	(64)
Pensions Interest Cost and Expected Return on Pension Assets		85	0
(Surplus)/Deficit for the year on HRA Services		(52,988)	(4,880)

Revaluation gains of £42.9 million were identified which related to impaired assets previously charged to the HRA. Accounting practices requires these revaluation gains to be accounted for via the HRA rather than the revaluation reserve and have therefore been credited to the HRA.

STATEMENT OF MOVEMENT ON THE HOUSING REVENUE ACCOUNT BALANCE

H1.2 Movement on the Housing Revenue Income & Expenditure Account

The HRA Income and Expenditure Account shows the actual financial performance for the year, measured in terms of the resources consumed and generated over the last twelve months. However, the Council is required to account for its statutory housing activity on a different accounting basis, the main differences being that:

- the difference between the depreciation on HRA assets and the Self-Financing Valuation Major Repairs Allowance has to be adjusted back into the balance for the year,
- the gain or loss on the disposal of HRA assets has to be reversed before a final balance is calculated; and
- any impairment on HRA assets, either due to economic consumption or valuation, has to be reversed from the account before a statutory balance can be finalised.

The reconciliation statement below summarises the differences between the outturn on the Income and Expenditure Account and the Housing Revenue Account Balance.

MOVEMENT ON THE HRA STATEMENT

	Note	2013/14 £000	2012/13 £000
Balance on the HRA at the end of the Previous Year		(3,698)	(2,620)

Garages within Curtilage Overstated in Prior Year	-	-
Stock transferred to the General Fund	(2,280)	-
Stock at 31 March 2014	322	2,602

Other than those garages that are situated within HRA dwelling curtilages, the remaining HRA garages were transferred to the General Fund (GF) with effect from 1 April 2013. This appropriation resulted in all the risks and rewards associated with these assets passing to the Council's General Fund.

NOTES TO THE HOUSING REVENUE ACCOUNT

The vacant possession of the Council's Housing stock as at 1 April 2013 amounted to £1,555 million representing the economic cost to government of providing council housing, the social housing factor reduction of 32% reduced the value to an Existing Use Value - Social Housing of £497.6 million.

The table below shows the HRA property values as at 1 April 2013 and 31 March 2014.

	2013/14 Cost or valuation £000	2013/14 Depreciation £000	2013/14 Net Book Value £000	2012/13 Cost or valuation £000	2012/13 Depreciation £000	2012/13 Net Book value £000

NOTES TO THE HOUSING REVENUE ACCOUNT

H2.4 Capital Receipts Received

	2013/14 £000	2012/13 £000
Buildings	(9,084)	(1,151)
Total	(9,084)	(1,151)

H2.6 Revenue Expenditure Funded from Capital Under Statute

Revenue expenditure funded from Capital under statute relates to capital expenditure which does not necessarily result in an asset. In 2013/14 the charges were £134,520 and in 2012/13 they were £2,235.

H2.7 Interest Received

The Housing Revenue Account is credited with interest on cash balances and interest on loans granted to enable tenants to purchase council dwellings.

	2013/14 £000	2012/13 £000
Interest on Cash Balances	(45)	(60)
Interest on Loans to Individuals	1	(4)
Total	(44)	(64)

The Housing Revenue Account was debited with Item 8 interest of £7.8 million in 2013/14, this relates to the proportion of the external interest relating to the Housing Revenue Account.

H2.8 Financial Reporting Standard (IAS) 19 – Pensions

Included within the Net Cost of Service is the HRA share of contributions from the Pension Reserve. The pension contributions have been calculated in accordance with IAS 19. An adjustment is made within the adjustments between accounting basis and funding basis under statute, so that there is no effect on the HRA surplus for the year.

The current cost of pensions amounting to £0.1 million has been charged to the HRA and the adjustment between accounting bases of £19,000 applied to ensure the HRA is charged with the statutory sum related to the actual cost of pension provision in year (£0.1 million).

NOTES TO THE HOUSING REVENUE ACCOUNT

COLLECTION FUND

The Collection Fund is the Council's statement reflecting its statutory obligation as a Billing Authority to maintain a separate Fund showing the transactions the Council as a Billing Authority has undertaken in relation to the collection from taxpayers and distribution to local authorities and the Government of Council Tax and Non-Domestic Rates.

The Collection Fund is a separate statutory fund under the provision of the Local Government Act 1988. Its assets and liabilities are included in the General Fund Balance Sheet and its income and expenditure is shown below:

COLLECTION FUND

CF1. Non-Domestic Rates

Under the arrangements for business rates, the Council collects non-domestic rates for its area, based on local rateable values, multiplied by a uniform business rate. From April 2013 the Business Rates Retention Scheme has replaced the former scheme for accounting for the non-domestic rates due/collected. The element of rates the Council were allowed to retain for 2013/14 was assessed at £5.468 million. The Council were required to pay to Central Government both the Central Share of £40.379 million plus the calculated tariff of £26.450 million. In addition we were required to pay £8.076 million to Oxfordshire County Council.

The local rateable value (2010 Rating List) as at 31 March 2014 was £230.9 million (£230.0 million at 31 March 2013). The multiplier for 2013/14 was set at 47.1 pence in the pound (45.8 pence for 2012/13).

CF2. Council Tax

The Council Tax Base is a measurement of the taxable capacity of the area. Dwellings are converted into Band D equivalents, taking into account exemptions and discounts. Dwellings are classified into eight valuation bands (A to H) based on 1991 capital valuations. The Council Tax is set for band D dwellings and the tax for the other bands is calculated as a proportion of the band D charge.

For 2013/14 Council Tax including precepts was set at £271.93 for a band D property (2012/13 £267.05)

The Council Tax Base was calculated as follows:

Valuation Band	Total no. Dwellings on Valuation List	Total Equivalent Dwellings (after discounts, etc.)	Ratio to Band D	Band D Equivalents
A	2,314	1,117	6/9	744
B	9,101	4,765	7/9	3,706
C	18,729	12,957	8/9	11,517

	59,142	41,103		42,568
Crown Properties				0
Allowance of 3% for non-collection				(1,277)
Total				41,291

GROUP ACCOUNTS BARTON OXFORD LLP

Group Accounts are required by the Accounting Code of Practice where an Authority has interests in subsidiaries, associates and/or jointly controlled entities, subject to consideration of materiality.

The Barton Oxford LLP has been established with a contractually binding arrangement whereby the two parties are committed to undertake an activity that is subject to their joint control, with strategic financial and operating decisions relating to the activity requiring the unanimous consent of the parties sharing control. The Barton Oxford LLP controls the assets of the joint venture, incur liabilities and expenses and earn income.

Group Accounts have therefore been produced to consolidate the Barton Oxford LLP into the financial statement of Oxford City Council.

The Barton Oxford LLP joint venture was established on 23 September 2011. The Council entered into a partnership with Grosvenor Developments Limited to form Barton Oxford LLP, a joint venture vehicle to develop social and affordable housing on land owned by the Council at Barton. The Council has a 50% interest in the company and shares profits and losses.

The Council transferred land to the LLP on 31 October 2011. It is estimated that the value will be repaid with interest by January 2019. As at 31 March 2014 the company has been developing land which will be parcelled and sold to developers. Land has not been sufficiently developed as at 31 March 2014 and therefore turnover is nil. 50% of the net liabilities of £8,000 have been incorporated in to the Council's Group Accounts. The total being assets £2.186 million and total liabilities £2.194 million representing the Council's 50% share (page 94).

The current development programme estimates the first parcel of land be disposed of during 2014/15, with further disposals in 2016, 2017 and 2019. Costs attributable to the disposals will run on beyond 2019, and profit distribution happens after all costs have been accounted for in the LLP. The current expectation is that profit will be distributed by the LLP in 2022, at which point the Council will receive its 50% share of the profit.

These Group Accounts shown on the following pages incorporate the Joint Venture using the proportionate consolidation method, this is applied by taking shares of the balances and transactions proportionate to the Authority's interest in the entity, which is 50%.

Barton Oxford LLP accounts are completed on a UK GAAP basis and the Council's accounts are completed on an IFRS basis, however all accounting policies are in line.

The Group Accounts consist of the following:

- Movement in Reserves Statement
- Comprehensive Income and Expenditure Statement
- Balance Sheet
- Notes to the Statement of Accounts
- Cash Flow

**GROUP ACCOUNTS: MOVEMENT IN RESERVES STATEMENT FOR THE YEAR ENDED
31 MARCH 2014**

This statement shows the movement in year on the different reserves held by the Group, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) and 'unusable' reserves. The Surplus or (Deficit) on the Provision of Services line shows the true economic cost of providing the Group's services, more details of which are shown in the Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the General Fund Balance and the Housing Revenue Account for Council Tax setting and dwellings rent setting purposes.

The Net Increase/(Decrease) before Transfers to/from Earmarked Reserves line shows the statutory General Fund Balance and Housing Revenue Account Balance before any discretionary transfers to or from earmarked reserves undertaken by the Council.

GROUP ACCOUNTS: COMPREHENSIVE INCOME & EXPENDITURE STATEMENT FOR THE YEAR ENDED 31 MARCH 2014

This statement shows the accounting cost in year, of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement (page 94).

GROUP ACCOUNTS: BALANCE SHEET AS AT 31 MARCH 2014

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Group. The net assets of the Group (assets less liabilities) are matched by the reserves held by the Group. Reserves are reported in two categories. The first category of reserves are Usable Reserves, i.e. those reserves that the Group may use to provide services, subject to the need to maintain a prudent level of reserves to deal with unforeseen events and any statutory limitations on their use (for example the Capital Receipts Reserve can only be used to fund capital expenditure or repay debt). The second category of reserves is those that the Group is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets were sold; as well as reserves that hold timing differences shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations'.

GROUP ACCOUNTS: NOTES

Basis of Accounting

Oxford City Council Statement of Accounts are prepared on an IFRS basis which include revaluation of assets when and where appropriate. The Group Accounts of Oxford City Council incorporate the financial statements of the Barton Oxford LLP. Oxford City Council are joint members of the LLP with Grosvenor Development Limited.

The Barton Oxford LLP financial statements have been prepared under the historical cost convention and in accordance with applicable United Kingdom law, accounting standards and the Limited Liability Partnerships Statement of Recommended Practice. The accounting policies have been applied consistently throughout the current and preceding year on a going concern basis.

Accounting Policies of Oxford City Council and the LLP have been considered to ensure the underlying accounting standards are compatible for the Group. In all respects the standards are compatible for 2013/14, cash and cash equivalents, debtors and creditors all provided on the same basis. The Development expenditure of the LLP is recorded at the lower of cost and net realisable value. Cost includes the cost of acquisition, professional fees and construction costs but excludes overheads. This is compatible with Oxford City accounting policies in that the assets are under construction and therefore recorded at cost under IFRS. Therefore in all material respects for 2013/14 the accounting policies are materially aligned.

Method of Consolidation

The method of consolidation adopted in the financial statements is to provide separate core financial statements consolidated on a proportionate basis.

Oxford City Council has provided land with an initial transfer value of £850,000 to the LLP. Interest on the transfer value is payable at a fixed rate of 5% compounded monthly until repayment. The loan and interest is due to be repaid in January 2019, on completion of the development. The loan and interest amounted to £958,919 as at 31 March 2014 (£912,247 as at 31 March 2013) These sums are included in the Council's Balance Sheet as a debtor.

The following notes are in respect of the Accumulated Group movement in 2013/14

1. Turnover LLP

The principal activity of the Barton Oxford LLP during the year was property development with a view to sale on completion. However no sales have taken place up to the 31 March 2014. The LLP had no turnover during the current or preceding year. The operating loss is stated after charging the Auditors remuneration.

2. Property, Plant and Equipment

Development property of £1.985 million is added to the Council's Property, Plant and Equipment. This represents development expenditure on project management, landscape architects, structural engineers, legal and other consultancy fees.

GROUP ACCOUNTS: CASH FLOW STATEMENT FOR THE YEAR ENDED 31 MARCH 2014

The Cash Flow Statement shows the changes in the Cash and Cash Equivalents of the Group during the reporting period. The statement shows how the Group generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Group are funded by way of taxation and grant income or from the recipients of services provided by the Group. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Group's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Group.

	Oxford City Council 2013/14 £000	Group 2013/14 £000	Group Movement 2013/14 £000	Group 2012/13 £000

ACCOUNTING POLICIES

Page left intentionally blank

ACCOUNTING POLICIES

1. Accounting Policies

1.1 General Principles

The Statement of Accounts summarises the Council's financial transactions for the 2013/14 financial year and its position at the year-end of 31 March 2014. The Authority is required to prepare an annual Statement of Accounts by the Accounts and Audit Regulations 2011, and this requires the preparation to be in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2013/14 and the Service Reporting Accounting Code of Practice 2013/14, supported by International Financial Reporting Standards (IFRS) and statutory guidance, issued under Section 12 of the 2003 Act.

The accounting convention adopted in the Statement of Accounts is principally historic cost modified by the revaluation of certain categories of non-current assets and financial instruments.

1.2 Accruals of Income and Expenditure

All transactions of the Council are accounted for in the year in which they take place, not simply when the cash payments are made or received:

- expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received, rather than when payments are made.
- fees, charges and rents due from customers are accounted for as income at the date the Council provides the relevant goods or services
- supplies and services are recorded as expenditure when they are consumed; where there is a gap between the date supplies are received and their consumption they are carried as Stock on the Balance Sheet. This also applies where the Council acts as agent, most significantly for Council Tax and NNDR collection. The Council collects all precepts on behalf of the major preceptors, and the deficit or surplus held will be shown as a debtor or creditor balance respectively
- interest receivable on investments is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract
- where income and expenditure has been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where it is doubtful that debts will be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected
- income and expenditure are credited and debited to the relevant service revenue accounts, unless they properly represent capital receipts or capital expenditure.

Exceptions to this principle are:

(i) utility bills and similar instalment payments which are charged at the date of meter reading rather than being apportioned between financial years. This policy is consistently applied each year and therefore does not have a material effect on the year's accounts

(ii) certain payments made on a claims basis which are regular in terms of incidence (such that the accounting period contains twelve full months) or for which the accrual would be immaterial

(iii) accruals of less than £500 are not adjusted for within the accounts due to the level of materiality of the transactions.

ACCOUNTING POLICIES

1.3 Cash and Cash Equivalents

Cash is represented by cash in hand and demand deposits with financial institutions repayable without penalty on notice of no more than 24 hours. Cash Equivalents are readily convertible to known amounts of cash with insignificant risk of change in value. Oxford City Council regards overnight funds to represent a Cash Equivalent. Cash also includes bank overdrafts that are repayable on demand and that are integral to an authority's cash management.

1.4 Exceptional Items

When items of income and expenditure are material, their nature and amount is disclosed separately, either on the face of the Comprehensive Income and Expenditure Statement or in the notes to the accounts, depending on how significant the items are to an understanding of the Authority's financial performance.

1.5 Charges to Revenue and Non-Current Assets

Services, Support Services and Trading Accounts are debited with the following amounts to record the cost of holding fixed assets during the year:

- depreciation attributable to the assets used by the relevant service
- revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off
- amortisation of Intangible Fixed Assets attributable to the service.

The Authority is not required to raise Council Tax to fund depreciation, revaluation and impairment losses or amortisations. However, it is required to make an annual contribution from Revenue towards the reduction in its overall borrowing requirement equal to an amount calculated on a prudent basis determined by the Authority in accordance with statutory guidance. Oxford has not made a contribution due to applying a prudent assessment.

Depreciation, revaluation and impairment losses and amortisations are replaced in the General Fund Balance by way of an adjusting transaction within the Capital Adjustment Account in the Movement in Reserves Statement.

1.6 Employee Benefits

Benefits Payable during Employment

Short-term employee benefits (those falling due within 12 months of the year end) such as wages, salaries, paid annual leave, sick leave, bonuses and non monetary benefits for current employees, are considered as an expense in the year in which the employee renders the service to the Authority.

An accrual is made against services in the surplus or deficit on the provision of service, (where considered material) for the cost of holiday entitlement and other forms of leave earned by employees but not taken before the year end and which may be carried forward into the next financial year based on following years salary. Accruals are not made for immaterial costs in respect of outstanding car mileage claims.

Any accrual made is required under statute to be reversed out of the General Fund Balance by a credit to the Accumulated Compensation Absences Adjustment Account in the Movement of Reserves Statement.

Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Authority to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy and are charged on an accruals basis to the Non Distributed Costs line in the Comprehensive Income and Expenditure Statement when the Authority is demonstrably committed to the termination of the employment of an officer or

ACCOUNTING POLICIES

group of officers or making an offer to encourage voluntary redundancy.

The statutory provision requires the General Fund to be charged with the amount agreed to be payable to the Pension Fund, not the amount calculated under IFRS. In the Movement of Reserves Statement, appropriations are made to and from an Employment Reserve; a balance of this account appears on the Balance Sheet. The Employment Reserve is matched by the accrual for termination.

Post-employment Benefits

Employees of the Authority are members of the Local Government pension fund administered by the Oxfordshire County Council.

The Local Government Pension Scheme

The Local Government Pension Scheme is accounted for as a defined benefits scheme:

- the liabilities of the Oxfordshire County Council Pension Fund attributable to the Authority are included in the Balance Sheet on an actuarial basis using the projected unit method – i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to-date by employees, based on assumptions about mortality rates, employee turnover rates, etc, and projections of projected earnings for current employees.
- the liabilities are discounted to their value at current prices, using a discount rate of 4.5%, based on the indicative rate of return on the iBoxx High Quality 15 Year corporate bond which is AA rated.
- the assets of Oxfordshire County Council Pension Fund attributable to the Authority are included in the Balance Sheet at their fair value:
 - ◆ quoted securities – current bid price
 - ◆ unquoted securities – professional estimate
 - ◆ unitised securities – current bid price
 - ◆ property – margin above yield.

The change in the net pension's liability is analysed into seven components:

1. Current Service Cost – the increase in liabilities as a result of years of service earned this year is allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked
2. Past Service Cost – the increase or reduction in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years is debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of Non Distributed Costs
3. Net interest on the net defined benefit liability (asset) i.e. net interest expense for the Authority – the change during the period in the net defined benefit liability (asset) that arises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement – this is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability (asset) at the beginning of the period taking into account any changes in the net defined benefit liability (asset) during the period as a result of contribution and benefit payments.

Re-measurements comprising:

4. The return on plan assets – excluding amounts included in net interest on the net defined benefit

ACCOUNTING POLICIES

liability (asset) - charged to the Pensions Reserve as Other Comprehensive Income and Expenditure.

In relation to retirement benefits, statutory provisions require the General Fund Balance to be charged with the amount payable by the Authority to the Pension Fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the Pension Fund and pensioners and any such amounts payable but unpaid at the year-end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

Discretionary Benefits

The Authority also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

1.7 Financial Instruments and Financial Assets

Financial Liabilities

Financial liabilities are recognised on the Balance Sheet when the Authority becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and carried at their amortised cost. Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest payable are based on the carrying amount of the liability, multiplied by the effected rate of interest for the instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised.

For most of the borrowings that the Authority has, this means that the amount presented in the Balance Sheet is the outstanding principal repayable (plus accrued interest) and interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year according to the loan agreement.

Financial Assets

Financial assets can be classified into two types, however as Oxford has no Available For Sale Assets the policy is restricted to Loans and Receivables (assets that have fixed or determinable payments but are not quoted in an active market).

Loans and Receivables are recognised on the Balance Sheet when the Authority becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value. They are subsequently measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For most of the loans that the Authority has made, this means that the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and interest credited to the Comprehensive Income and Expenditure Statement is the amount receivable for the year in the loan agreement.

However, the authority has made a number of loans at less than market rate (soft loans). These loans are immaterial and held as long term debtors in the balance sheet.

ACCOUNTING POLICIES

Where assets are identified as impaired because of a likelihood arising from a past event that payments due under the contract will not be made, the asset is written down and a charge made to the relevant service (for receivables specific to that service) or the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The impairment loss is measured as the difference between the carrying amount and the present value of the revised future cash flows discounted at the asset's original effective interest rate. Any gains and losses that arise on the de-recognition of an asset are credited or debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

1.8 Government Grants and Contributions

Whether paid on account, by instalments or in arrears, government grants and third party contributions and donations are recognised as due to the Authority when there is reasonable assurance that:

- the Authority will comply with the conditions attached to the payments, and
- the grants or contributions will be received.

Amounts recognised as due to the Council are not credited to the Comprehensive Income and Expenditure Statement until conditions attached to the grant or contribution have been satisfied. Conditions are stipulations that specify the way in which the future economic benefits or service potential embodied in the asset acquired using the grant or contribution are to be consumed by the recipient, or the future economic benefits or service potential must be returned to the transferor.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as creditors. When conditions are satisfied, the grant or contribution is credited to the relevant service line (attributable revenue grants and contributions) or Taxation and Non-Specific Grant Income (non-ring fenced revenue grants and all capital grants) in the Comprehensive Income and Expenditure Statement.

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied Reserve. Where it has been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Grants Unapplied reserve are transferred to the Capital Adjustment Account once they have been applied to fund capital expenditure

1.9 Community Infrastructure Levy

The Authority has elected to charge a Community Infrastructure Levy (CIL). The levy is charged on new builds (chargeable developments for the Authority) with appropriate planning consent. This is a planning charge and the income from the levy will be used to fund a number of infrastructure projects (these include transport, flood defences and schools) to support the development of the area.

CIL is received without outstanding conditions, but a proportion will be used to fund infrastructure work of other Authorities (County Council, Health and Police Authorities) or community groups. These funds will not be recognised in the Comprehensive Income and Expenditure Statement, but will be recorded as Capital Grants Received In Advance. When the CIL is paid over to the third party for application it will be removed from Capital Grants received in advance.

ACCOUNTING POLICIES

Some CIL is received without outstanding conditions for Oxford City Council; it is therefore recognised at the commencement date of the chargeable development in the Comprehensive Income and Expenditure Statement in accordance with the accounting policy for government grants and contributions set out above. CIL charges will be largely used to fund capital expenditure. However, a small proportion of the charges may be used to fund revenue expenditure. CIL recognised in Comprehensive Income and Expenditure Statement will be earmarked where appropriate through the MIRS.

1.10 Housing Levy

The Council has adopted a policy of making a levy on each square foot of housing development. The levy is regarded as a capital receipt. The funds received will be recorded as income in the Financing and Investment Income and Expenditure line within the Comprehensive Income and Expenditure Account, but then transferred to usable capital receipts through the Movement In Reserves Statement (MIRS) to be retained to assist social housing development.

1.11 Heritage Assets

A tangible Heritage Asset is a tangible asset with historical, artistic, scientific, technological, geophysical or environmental qualities that is held and maintained principally for its contribution to knowledge and culture. An intangible Heritage Asset is an intangible asset with cultural, environmental or historical significance. Examples of intangible Heritage Assets include records of significant historical events.

Property Heritage Assets that are operational are not separately identified, and are included in the appropriate Property Plant and Equipment, or Investment property category of the Council's Balance Sheet.

Property Heritage Assets that are not operational will be identified separately on the face of the Balance Sheet in the Category of Heritage Assets and will follow the accounting treatment appropriate to the asset.

Measurement Rules in relation to other Heritage assets

Oxford City Council Heritage Assets can be categorised as follows:

- The Great Mace and Plate Room Silver Plaques and Cutlery
- Furniture
- Civic Regalia and Chains of Office (including number Plate)
- Firearms
- Pictures and Drawings

These assets are deemed to have an indeterminate life and high residual values, and the Authority does not consider it necessary to provide for depreciation.

The assets movements are relatively static with very little acquisitions or disposals. However, acquisitions are initially recognised at cost. These assets are valued at market value in the Statement of Accounts. Valuations are undertaken every five years where a material change in value is anticipated. New acquisitions will only be recognised where the cost is greater than £5,000.

- Memorials gardens and City Walls

The Authority has identified War Memorials in St Giles, and Marston Road, which along with the ancient City walls (inside New College, and Hall Street) and the Rewley Abbey Wall meet the criteria of Heritage Assets. However, these assets lack any comparable market values and cost records do not exist. The cost of providing a Balance Sheet valuation on these assets would be disproportionate to any benefit to the user of

ACCOUNTING POLICIES

the Authorities financial statements and therefore are excluded from the Balance Sheet.

- Heritage Non Operational Property

The Authority has identified the Plain Fountain which is a significant Asset in terms of its cultural and heritage presence. The Asset is included in the Balance Sheet at it Depreciated replacement Cost.

The value will be reviewed every five years to ensure any potential material changes can be reflected

The asset has an indeterminate life in excess of 80 years and therefore will not be depreciated.

- Oxford City First Registration number plate

The Council's Mayor's Car carries the first registration plate issued in Oxford, and the plate is valued at market value.

The value will be reviewed every five years to ensure any potential material changes can be reflected.

These assets are deemed to have an indeterminate life and high residual values, and the Authority does not consider it necessary to provide for depreciation.

The carrying amounts of heritage assets are reviewed where there is evidence of impairment for heritage assets, e.g. where an item has suffered physical deterioration or breakage or where doubts arise as to its authenticity. Any impairment is recognised and measured in accordance with the Authority's general policies on impairment - see note 1.18. The Authority may occasionally dispose of heritage assets which have a doubtful provenance or are unsuitable for public display. The proceeds of such items are accounted for in accordance with the Authority's general provisions relating to the disposal of property, plant and equipment. Disposal proceeds are disclosed separately in the notes to the financial statements and are accounted for in accordance with the statutory accounting requirements relating to capital expenditure and capital receipts where any receipt is greater than £10,000.

1.12 Intangible Assets

Expenditure on non monetary assets that do not have physical substance but are controlled by the Authority as a result of a past event (e.g. software licences and system development expenditure) are capitalised when it is expected that future benefits or service potential will flow from the intangible asset to the Authority, and are amortised to the relevant service revenue account over the economic life of the investment to reflect the pattern of consumption of benefits.

Internally Generated Assets are capitalised when it is demonstrable that the project is technically feasible and it is intended to be completed (with adequate resources being available) and the Authority will be able to generate future economic benefits or deliver service potential by being able to sell or use the asset. Expenditure is capitalised where it can be measured reliably as attributable to the asset and restricted to that incurred during the development phase. (Research expenditure is not capitalised).

Expenditure on the development of websites is not capitalised if the website is primarily intended to promote or advertise the Authorities goods or services. Website development for a business purpose would be capitalised.

Intangible Assets are initially measured at cost. Amounts are only revalued where the fair value of the assets held by the Authority can be determined by reference to an active market. The depreciation of an Intangible

ACCOUNTING POLICIES

Asset is amortised over the asset's useful life to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. An asset is tested for impairment whenever there is an indication that the asset might be impaired – any losses recognised are posted to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. Any gain or loss arising on the disposal or abandonment of an Intangible Asset is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement.

Where expenditure on Intangible Assets qualifies as capital expenditure for statutory purposes, amortisation, impairment losses and disposal gains and losses are not permitted to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of General Fund Balance in the Movement of Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

1.13 Interest in Companies and Other Entities

The Authority has material interest in the Barton Oxford LLP. The Council has a 50% interest in the Company and shares profit and losses, and is therefore required to prepare group accounts. The method adopted in the financial statements is to provide separate Core Financial statements consolidated on a proportionate basis.

1.14 Inventories and Long Term Contracts

Inventories are normally valued at the lower of cost or net realisable value where practical. However, for small value stocks current purchase price or average cost may be used. This is a departure from the Code, but the effect is not material to the Council's accounts.

Where the Council has entered into contracts that run for longer than one year, they are disclosed as a note to the accounts. Entries are only realised in the Balance Sheet if the contracts become onerous, in which case the Council would recognise the difference between the fair value of the contract and the actual payments due to be made, effectively creating a Provision.

1.15 Investment Property

Investment Properties are those that are used solely to earn rentals and/or capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods, or is held for sale.

Investment Properties are measured initially at cost and subsequently at fair value, based on the amount at which the asset could be exchanged between knowledgeable parties at arm's length. Investment Properties are not depreciated but are revalued annually according to market conditions at the year end. Gains and Losses on Revaluation are posted to the Financing and Investment line in the Comprehensive Income and Expenditure Statement. Gains and Losses on Disposal are posted to the other operating expenditure in the Comprehensive Income & Expenditure Account.

Rentals received in relation to Investment Property are credited to the Financing and Investment line in the Comprehensive Income and Expenditure Statement, and result in a gain for the General Fund Balance.

Revaluation and Disposal Gains and Losses are not permitted by statutory arrangements to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund in the Movement in Reserves Statement and posted to the Capital Adjustment Account and the Capital Receipts Reserve (for any sale cash received, where greater than £10,000).

1.16 Leases

Leases are classified as Finance Leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other

ACCOUNTING POLICIES

leases are classified as Operating Leases. Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification. Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

a) The Authority as Lessee

Finance Leases

Property, Plant and Equipment held under Finance Leases is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease inception (or the present value of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor. Initial direct costs of the Authority are added to the carrying amount of the asset. Premiums paid on entry into a lease are applied to writing down the lease liability. Contingent rents are charged as expenses in the periods in which they are incurred.

Lease payments are apportioned between:

- a charge for the acquisition of the interest in the Property, Plant or Equipment – applied to write down the lease liability, and
- a finance charge (debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

Property, Plant and Equipment recognised under Finance Leases are accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the asset's estimated useful life (where ownership of the asset does not transfer to the Authority at the end of the lease period).

The Authority is not required to raise Council Tax to cover depreciation or revaluation and impairment losses arising on leased assets. Instead, a prudent annual contribution is made from revenue funds towards the deemed capital investment in accordance with statutory requirements. Depreciation and revaluation and impairment losses are therefore substituted by a revenue contribution in the General Fund Balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

Operating Leases

Rentals paid under Operating Leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefiting from use of the leased Property, Plant or Equipment. Charges are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a rent-free period at the commencement of the lease).

b) The Authority as Lessor

Finance Leases

Where the Authority grants a Finance Lease over a property or an item of plant or equipment, the relevant asset is written out of the Balance Sheet as a disposal. At the commencement of the lease, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. A gain, representing the Authority's net investment in the lease, is credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal), matched by a lease (long-term debtor) asset in the Balance Sheet. Lease rentals receivable are apportioned between:

ACCOUNTING POLICIES

- a charge for the acquisition of the interest in the property – applied to write down the lease debtor (together with any premiums received), and
- finance income (credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

The gain credited to the Comprehensive Income and Expenditure Statement on disposal is not permitted by statute to increase the General Fund Balance and is required to be treated as a Capital Receipt. Where a premium has been received, this is posted out of the General Fund Balance to the Capital Receipts Reserve in the Movement in Reserves Statement. Where the amount due in relation to the lease asset is to be settled by the payment of rentals in future financial years, this is posted out of the General Fund Balance to the Deferred Capital Receipts Reserve in the Movement in Reserves Statement. When the rentals are received, the repayment element is used to write down the long term debtor. At this point, the deferred capital receipts are transferred to the Capital Receipts Reserve. The written-off value of disposals is not a charge against Council Tax, as the cost of fixed assets is fully provided for under separate arrangements for capital financing. Amounts are therefore appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

Operating Leases

Where the Authority grants an Operating Lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a premium paid at the commencement of the lease). Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

1.17 Overheads and Support Services

The cost of Overheads and Support Services are charged to those that benefit from the supply of services based on use and in accordance with Chartered Institute of Public Finance and Accountancy (CIPFA) Service Reporting Accounting Code of Practice 2013/14 (SeRCOP).

The total absorption costing principle is used – the full cost of overheads and support services are shared between users in proportion to the benefits received, with the exception of:

- Corporate and Democratic Core – costs relating to the Council's status as a multifunctional, democratic organisation
- Non Distributed Costs – the cost of discretionary benefits awarded to employees retiring early and any depreciation and impairment losses chargeable on non-operational properties.

These two categories are defined in SeRCOP and accounted for as separate headings in the Comprehensive Income and Expenditure Statement, as part of Net Expenditure on Continuing Services.

1.18 Property, Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

Recognition

Expenditure on the acquisition, creation and replacement of components is capitalised on an accruals basis.

ACCOUNTING POLICIES

The cost of components replaced are added to the asset carrying value, and an assessment of the carrying value of the component replaced is made, and then derecognised.

Measurement

Assets are initially measured at cost, comprising:

- the purchase price
- any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

The Authority does not capitalise borrowing costs incurred whilst assets are under construction. The cost of assets acquired other than by purchase are deemed to be at fair value, unless the acquisition does not have commercial substance (i.e. it will not lead to a variation in the cash flows of the Authority). In the latter case, where an asset is acquired via an exchange, the cost of the acquisition is the carrying amount of the asset given up by the Authority.

Assets are then carried in the Balance Sheet using the following measurement bases:

- infrastructure, community assets and assets under construction – depreciated historical cost
- dwellings – fair value, determined using the basis of Existing Use Value for Social Housing (EUV-SH)
- all other assets – fair value, determined as the amount that would be paid for the asset in its Existing Use Value (EUV).

Where there is no market-based evidence of fair value because of the specialist nature of an asset, depreciated replacement cost (DRC) is used as an estimate of fair value. For non-property assets that have short useful lives or low values (or both), depreciated historical cost basis is used as a proxy for fair value.

Assets included in the Balance Sheet at fair value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their fair value at the year-end, but as a minimum they are revalued every five years. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. (Exceptionally, gains might be credited to the Comprehensive Income and Expenditure Statement where they arise from the reversal of a loss previously charged to a service.)

Where decreases in value are identified, they are accounted for as follows:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains).
- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

ACCOUNTING POLICIES

Impairment

Assets are assessed at each year-end to determine whether there is any indication that they may be impaired. Where indications exist and differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall. Where impairment losses are identified, they are accounted for as follows:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)
- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line(s) in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, and where material, adjusted for depreciation that would have been charged if the loss had not been recognised.

Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life (i.e. freehold land and certain Community Assets) and assets that are not yet available for use (i.e. assets under construction).

Depreciation is calculated on the following bases:

- dwellings and other buildings – straight-line allocation over the useful life of the property as estimated by the valuer*
- vehicles, plant, furniture and equipment – straight-line allocation over the useful life, as advised by a suitably qualified officer.
- infrastructure – straight-line.

Where an asset comprises major components whose costs are significant in relation to the total cost of the asset, the components are depreciated separately.

* Council Dwellings depreciation is applied in accordance with the self financing transitional rules which allow the Housing Revenue Account movement in reserves to be adjusted to ensure depreciation impact is equal to the major repairs allowance.

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

Disposals and Non-current Assets Held for Sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is revalued immediately before reclassification and then carried at the lower of this amount and fair value less sales costs. Where there is a subsequent decrease in the net fair value, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Gains in fair value are recognised only up to the amount of any losses previously recognised in the Surplus or Deficit on Provision of Services. Depreciation is not charged on Assets Held for Sale.

ACCOUNTING POLICIES

If assets no longer meet the criteria to be classified as Assets Held for Sale they are reclassified back to non-current assets and valued at the lower of their carrying amount before they were classified as Held for Sale; adjusted for depreciation, amortisation or revaluations that would have been recognised had they not been classified as Held for Sale, and their recoverable amount at the date of the decision not to sell.

Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale. When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

The Revaluation Reserve on Assets Held for Sale (AHFS) is frozen in the previous asset category as the identification of an AHFS removes the capital accounting requirement. It is only when the asset disposal takes place that the revaluation reserve is moved to the Capital Adjustment Account.

Disposals

Amounts received for a disposal in excess of £10,000 are categorised as capital receipts. A proportion of receipts relating to Housing Revenue Account (HRA) asset disposals (75% for Right to Buy (RTB), 50% for land and other assets, net of statutory deductions and allowances) is payable to the Government. In the case of pooling of HRA land and other asset receipts the Council can apply the sums to capital regeneration, and social housing investment. Furthermore, the Council entered into an agreement in 2012/13 with the Secretary of State in which capital receipts in relation to RTB disposals over and above the number specified for the year in Communities and Local Governments (CLG) self-financing valuation for Oxford City Council will not be subject to pooling, as long as the Authority re-cycles the non-pooled receipts into new affordable housing within 3 years.

The balance of receipts is required to be credited to the Capital Receipts Reserve, and can then only be used for new capital investment or set aside to reduce the Authority's underlying need to borrow (the Capital Financing Requirement). Receipts are appropriated to the Reserve from the General Fund Balance in the Movement in Reserves Statement. The written-off value of disposals is not a charge against Council Tax, as the cost of fixed assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

1.19 Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions are made where an event has taken place that gives the Council an obligation that probably requires settlement by the transfer of economic benefit, but where the timing of the transfer is uncertain. For instance, the Council may be involved in a court case that could eventually result in the making of a settlement or payment of compensation.

The Council maintains a Provision for the funding of the self-financed element of insurance claims. This Provision is funded through contributions from the relevant Service Revenue Accounts.

Provisions for bad or doubtful debts are separately disclosed against debtors on the Balance Sheet and are not included in the Provisions figure. Known uncollectible debts have been written off.

ACCOUNTING POLICIES

Provisions are charged to the appropriate Revenue Account and when payments for expenditure are incurred to which the Provision relates they are charged direct to the Provision. Provisions are reviewed at each Balance Sheet date and if no longer required are reversed. In addition, Provisions for bad debts have been made within the accounts for expected losses of income in respect of sums due but not received from debtors.

Contingent Liabilities

Contingent Liabilities are not recognised as liabilities in the Balance Sheet; however, all contingent liabilities are disclosed if there is a possibility of an outflow of economic benefit.

A Contingent Liability arises where an event has taken place that gives the Authority a possible obligation and whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Authority. Contingent Liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent Assets

A Contingent Asset arises where an event has taken place that gives the Authority a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Authority.

Contingent Assets are not recognised in the Balance Sheet but disclosed in a Note to the Accounts where it is probable that there will be an inflow of economic benefit or service potential.

1.20 Reserves

Useable Reserves

A reserve is money that we have set aside to cover expenditure that we will incur in a future period, and this can be created from excess income over expenditure resulting in a balance on the General Fund or Housing Revenue Account. Reserves are created by appropriating amounts from the General Fund or Housing Revenue Account Balance through the Movement in Reserves Statement, and are held voluntarily to meet future activity costs. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate Service Revenue Account in that year to count against the Net cost of Services in the Income and Expenditure Account. The Reserve is then appropriated back to the General Fund balance so that there is no net charge against Council Tax for the expenditure.

Useable reserves can also be created from a capital source such as capital grants. These can also be earmarked or held in a general unapplied reserve, but capital reserves can only be used for expenditure of a capital nature or in special cases where statute provides an exception.

The Major Repairs Reserve is required by statutory provision in relation to the Housing Revenue Account (HRA).

The Council also has other specific Earmarked Reserves set out in more detail in the Notes to the Core Statements. These are set aside for purposes falling outside the definition of provisions. They are earmarked specifically to meet future requirements of revenue or capital expenditure.

Unusable Reserves

Certain reserves are kept to manage the accounting processes for tangible fixed assets and retirement benefits. They do not represent usable resources for the Council.

ACCOUNTING POLICIES

The main unusable reserve is the Capital Adjustment Account which represents the balance of the surpluses or deficits arising from the periodic revaluations of fixed assets and the amounts set aside from revenue or capital receipts to finance expenditure on fixed assets and certain other capital financing transactions. Other unusable reserves include the Revaluation Reserve which contains valuation gains recognised since 1 April 2007 and the Pension Reserve which reflects the Council's liability to the pension fund.

1.21 Revenue Expenditure Funded from Capital under Statute

Expenditure incurred during the year that may be capitalised under statutory provisions but that does not result in the creation of a non-current asset has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. Where the Authority has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer in the Movement in Reserves Statement from the General Fund Balance to the Capital Adjustment Account then reverses out the amounts charged so that there is no impact on the level of Council Tax. An example of such expenditure would include Disabled Facilities Grants.

1.22 VAT

VAT payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs. VAT receivable is excluded from income.

1.23 Carbon Reduction Commitment Allowances

The Authority is required to participate in the Carbon Reduction Commitment (CRC) Energy Efficiency Scheme. The Authority is required to purchase and surrender allowances, currently retrospectively, on the basis of emissions i.e. carbon dioxide purchased as energy is used. As carbon dioxide is emitted (i.e. as energy is used), a liability and an expense are recognised. The liability will be discharged by surrendering allowances. The liability is measured at the best estimate of the expenditure to meet the obligation, normally at the current market price of the number of allowances required to meet the liability at the reporting date. The cost to the Authority is recognised and reported in the costs of the Authority's services and apportioned to the services on the basis of energy consumption.

1.24 Fair Value Measurement

These statements of account for 2013/14 do not include the measurement and the disclosure requirements of IFRS 13 Fair Value Measurement because the adoption is deferred until 2014/15.

1.25 Principal and Agent Accounting Policy

In the majority of transactions the Council undertakes it is acting entirely on its own behalf and completely owns any risks and rewards of the transaction. This is known as the Council acting as a Principal.

However there are some situations whereby the Council is acting as an Agent, where the Council is acting as an intermediary for all or part of a transaction or service. The two main instances where this occurs are in relation to Council Tax and Business Rates whereby the Council is collecting Council Tax and Business Rates income on behalf of itself and preceptors (Oxford County Council, and other preceptors and the Department for Communities and Local Government (DCLG), and Oxford County Council in relation to Business Rates).

The implications for this is that any balance sheet transactions at the year end, in relation to these Agent relationships, are split between the principal parties and, therefore, the balances contained on the Balance Sheet for a particular debt are the Council's own proportion of the debt and associated balances. The proportion of transactions that relate to the other parties to the relationship are shown as debtors or creditors due from/to these parties.

Page left intentionally blank

GLOSSARY OF TERMS AND ABBREVIATIONS

Page left intentionally blank

GLOSSARY OF TERMS AND ABBREVIATIONS

Accounting Period

The period of time covered by the accounts, normally a period of 12 months commencing on 1 April. The end of the accounting period is the Balance Sheet date.

Accruals

Sums included in the final accounts of the Council to cover income or expenditure attributable to the accounting period for which payment has not been received/made in the financial year. Local authorities accrue for both revenue and capital expenditure.

Amortisation

The term used to refer to the charging of the value of a transaction or asset (usually related to intangible fixed assets) to the Income and Expenditure Account over a period of time, reflecting the value to the authority; similar to the depreciation charge for tangible fixed assets.

Asset Held for Sale

Assets are classified as held for sale if their carrying amount is going to be recovered principally through a sale transaction rather than through continued use. This excludes from consideration any assets that are going to be abandoned or scrapped at the end of their useful lives.

Beacon Dwelling

A generic property type representative of other assets held in the Council dwelling portfolio.

Billing Authority

A local authority responsible for collecting Council Tax and National Non-Domestic Rates.

Capital Expenditure

Spending which produces or enhances an asset, like land, buildings, roads, vehicles, plant and machinery, and intangible assets such as computer software. Definitions are set out in Section 40 of the Local Government and Housing Act 1989. Any expenditure which does not fall within the definition must be charged to a revenue account.

Capital Adjustment Account

A reserve that reflects financing of capital from revenue and capital receipts together with the adjustment of the minimum revenue provision.

Capital Receipts

The proceeds from the sale of fixed assets such as land and buildings. Capital receipts can be used to repay any outstanding debt on fixed assets or to finance new capital expenditure, within rules set down by government. Capital receipts cannot, however, be used to finance revenue expenditure.

Chartered Institute of Public Finance and Accountancy (CIPFA)

The professional accountancy body concerned with local authorities and the public sector.

Collection Fund

The Collection Fund is a statutory fund set up under the provisions of the Local Government Finance Act 1988. It includes the transactions of the charging Authority in relation to Non-Domestic Rates and Council Tax, and illustrates the way in which the fund balance is distributed to preceptors and the General Fund.

GLOSSARY OF TERMS AND ABBREVIATIONS

Collection Fund Adjustment Account

A reserve account that reconciles differences between statutory requirements as a Billing Authority and proper accounting practice.

Contingent Assets/Liabilities

Potential gains and losses for which a future event will establish whether a liability exists and for which it is inappropriate to set up a debtor or provision in the accounts.

Contingent Rent

A contingent rent is the difference between the inception rent and the current rent, and can relate to both rental income and rental expenditure on leased properties. A contingent rent on a leased property is the increases in the amount to be paid for the property arising from rent reviews during the contract, and these are debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. A contingent rent on leased out property is where the contingent rental increases due to rent reviews are recognised in income as they are received as an addition to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

Deferred Credits

This is the term applied to deferred capital receipts. These transactions arise when fixed assets are sold and the amounts owed by the purchasers are repaid over a number of years, e.g. mortgages. The balance is reduced by the amount repayable in any financial year.

Deferred Grants

Amounts received or receivable which have been used to finance capital expenditure within the year. Under the capital accounting arrangements these amounts will be written off over the same period as the assets to which they relate.

Depreciation

The measure of the wearing out, consumption or other reduction in the useful life of a fixed asset.

Earmarked Reserves

These are funds set aside for a specific purpose, or a particular service, or type of expenditure.

Finance Lease

Arrangement whereby the lessee is treated as the owner of the leased asset, and is required to include such assets within fixed assets on the balance sheet.

Fixed Assets - Tangible

Tangible assets (i.e. land and buildings) that yield benefits to the Council and the services it provides for a period of more than one year.

Fixed Assets – Intangible

Assets which are of benefit to the organisation but have no physical presence such as software licences.

GAAP

Generally Accepted Accounting Practice

GLOSSARY OF TERMS AND ABBREVIATIONS

General Fund Balance

Balance at Year End not earmarked for any specific purpose.

Group Accounts

Are the collective financial statements of a group, plus the investments in associates and interests in joint ventures, presented as a single economic entity.

Heritage Assets

Are assets with historic, cultural, scientific, technological, geophysical or environmental qualities that are held and maintained principally for their contribution to knowledge and culture.

Housing Subsidy

A Government grant payable towards the cost of providing Local Authority housing and the management and maintenance of that housing.

International Financial Reporting Standard (IFRS)

A statement of accounting practice issued by the Accounting Standards Board.

Impairment

An accounting adjustment made to the value of the asset when it's carrying amount (the amount at which an asset is recognised in the Balance Sheet after deducting accumulated depreciation and impairment losses) exceeds its recoverable amount (the higher of assets fair value less cost of sale and its value in use).

Investments

Deposits for less than one year with approved institutions

Infrastructure Assets

Expenditure on works of construction or improvement but which have no tangible value, such as construction of, or improvement to highways.

Investment Property

Investment property is (land or a building, or part of a building, or both) held solely to earn rentals or for capital appreciation or both, rather than for use in the production or supply of goods or services or for administrative purposes, or for sale in the ordinary course of operations.

Joint Venture

Contractual or binding agreement whereby two or more parties are committed to undertake an activity that is subject to joint control.

Long Term Debtors

Amounts due to the Council more than one year after the Balance Sheet date.

GLOSSARY OF TERMS AND ABBREVIATIONS

National Non-Domestic Rates (NNDR)

Under the arrangements for uniform business rates, which came into effect on 1 April 1990, the Council collects Non-Domestic Rates for its area based on local rateable values, multiplied by nationally set rates. The total amount, less certain relief and deductions, is paid to a central pool managed by the Government, which in turn, pays back to Authorities their share of the pool based on a standard amount per head of the local adult population

Non operational Assets

Fixed assets held by an organisation but not directly occupied, used or consumed in the delivery of services. An example of a non operational asset is an investment property or an asset being held pending its sale.

Operational Asset

Fixed assets held by the Council and used or consumed in the delivery of its services.

Operating Lease

An arrangement whereby the risks and rewards of ownership of the leased asset remain with the leasing company.

Pension Fund

An employees' pension fund maintained by an authority, or a group of authorities, in order primarily to make pension payments on retirement of participants. It is financed from contributions from the employing authority, the employee and investment income.

Pooling of Housing Capital Receipts

Pooling is the term given to the requirement to pay to the Government a proportion of certain types of capital receipt. From 1 April 2004 Right To Buy receipts are subject to a payment into a government pool at the rate of 75% for RTB's and 50% for land and other assets, net of statutory deductions and allowances. The Council may apply the sums to capital regeneration and Social Housing investment.

Precept

The amount by which a Precepting Authority (e.g. a County Council) requires from a Billing Authority (e.g. District Councils) to meet its expenditure requirements.

Profit on the sale of Fixed Assets

This is a recent accounting requirement for Local Government, and requires the book value of the asset sold to be compared to the net proceeds to calculate the profit or loss on the transaction

Provisions

Sums set aside to meet future expenditure where a specific liability is known to exist but cannot be measured accurately.

PWLB

Public Works Load Board - part of Central Government from which we can obtain borrowing.

Revenue

Cost and income relating to the day-to-day running of services e.g. salaries and wages, supplies and services, transport and service relating income.

GLOSSARY OF TERMS AND ABBREVIATIONS

Revenue Expenditure Funded from Capital under Statute (Refcus)

Capital expenditure which is allowable by statute to be funded from capital resources but which does not fall within the Code's definition of fixed assets. Examples include grants and similar advances made to other parties to finance capital investment.

Revenue Support Grant

This funding is the Government Grant provided by the Department for Communities and Local Government (CLG), which is based on the Government's assessment as to what should be spent on local services. The amount provided by the CLG is fixed at the beginning of each financial year.

Statement of Recommended Practice (Code)

The Code of Practice on Local Authority Accounting in the United Kingdom: A Statement of Recommended Practice.

The Code specifies the principles and practices of accounting required to prepare a Statement of Accounts which 'presents fairly' the financial position and transactions of a local authority. It prescribes the accounting treatments and disclosures for all normal transactions of an authority and involves interpretations of accounting standards issued by the Accounting Standards Board.

Statement of Standard Accounting Practice (SSAP)

A statement of accounting practice issued by the Accounting Standards Board.

Surplus Asset

Where assets are not in use but do not meet the criteria of Assets Held for Sale they will be considered surplus and will be accommodated in the class of Property, Plant and Equipment.

**INDEPENDENT AUDITORS REPORT
AND CERTIFICATE**

Page left intentionally blank

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF OXFORD CITY COUNCIL

Opinion on the Authority's financial statements

We have audited the financial statements of Oxford City Council for the year ended 31 March 2014 under the Audit Commission Act 1998. The financial statements comprise the Authority and Group Movement in Reserves Statement, the Authority and Group Comprehensive Income and Expenditure Statement, the Authority and Group Balance Sheet, the Authority and Group Cash Flow Statement and related notes 1 to 43, the Housing Revenue Account Income and Expenditure Statement, the Movement on the Housing Revenue Account Income and Expenditure Account and related notes H1.1, H1.2 and H2.1 to H2.11, Collection Fund and the related notes CF1 to CF2, the Group Account Notes 1 to 6 and Accounting policies 1 to 1.23. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2013/14.

This report is made solely to the members of Oxford City Council, as a body, in accordance with Part II of the Audit Commission Act 1998 and for no other purpose, as set out in paragraph 48 of the Statement of Responsibilities of Auditors and Audited Bodies published by the Audit Commission in March 2010. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the authority and the authority's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of the Head of Finance and auditor

As explained more fully in the Statement of the Head of Finance Responsibilities set out on page 6, the Head of Finance is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2013/14, and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Authority and Group's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Head of Finance and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Statement of Accounts 2013/14 to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the financial position of Oxford City Council as at 31 March 2014 and of its expenditure and income for the year then ended;
- give a true and fair view of the financial position of the Group as at 31 March 2014 and of its expenditure and income for the year then ended; and
- have been prepared properly in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2013/14.

Opinion on other matters

In our opinion, the information given in the Statement of Accounts 2013/14 for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we report by exception

We report to you if:

- in our opinion the annual governance statement does not reflect compliance with 'Delivering Good Governance in Local Government: a Framework' published by CIPFA/SOLACE in June 2007 (updated as at December 2012);
- we issue a report in the public interest under section 8 of the Audit Commission Act 1998;
- we designate under section 11 of the Audit Commission Act 1998 any recommendation as one that requires the Authority to consider it at a public meeting and to decide what action to take in response; or
- we exercise any other special powers of the auditor under the Audit Commission Act 1998.

We have nothing to report in these respects.

Conclusion on the Authority's arrangements for securing economy, efficiency and effectiveness in the use of resources

Respective responsibilities of the Authority and the auditor

The Authority is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

We are required under Section 5 of the Audit Commission Act 1998 to satisfy ourselves that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. The Code of Audit Practice issued by the Audit Commission requires us to report to you our conclusion relating to proper arrangements, having regard to relevant criteria specified by the Audit Commission.

We report if significant matters have come to our attention which prevent us from concluding that the Authority has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to

consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

Basis of conclusion

We have undertaken our audit in accordance with the Code of Audit Practice, having regard to the guidance on the specified criteria, published by the Audit Commission in October 2013, as to whether the Authority has proper arrangements for:

- securing financial resilience; and
- challenging how it secures economy, efficiency and effectiveness.

The Audit Commission has determined these two criteria as those necessary for us to consider under the Code of Audit Practice in satisfying ourselves whether the Authority put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2014.

We planned our work in accordance with the Code of Audit Practice. Based on our risk assessment, we undertook such work as we considered necessary to form a view on whether, in all significant respects, the Authority had put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources.

Conclusion

On the basis of our work, having regard to the guidance on the specified criteria published by the Audit Commission in October 2013, we are satisfied that, in all significant respects, Oxford City Council put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2014.

Certificate

We certify that we have completed the audit of the accounts of Oxford City Council in accordance with the requirements of the Audit Commission Act 1998 and the Code of Audit Practice issued by the Audit Commission.
