Dear Planning Policy team,

Further to the below, please see attached for a non-confidential version of my submission, which would be suitable for publication. I have requested in the pre-ambule that the full version (including the confidential information) is made available to the inspector. I have also mentioned in this that County Councillor Trish Elphinstone (cc'd) has reviewed the original document and stated her support for it.

Kind regards  
Sandy

Dear Planning Policy team

Thank you for your message below. Please see below for the completed table. I'd like to reiterate that I do not wish the document I have provided to be made public as it contains confidential information. I could produce a version with the confidential information redacted – would that be helpful?

Kind regards  
Sandy

**Subject:** Local Plan / SE Oxford health infrastructure

Dear Louise & planning policy team,

Thanks to Louise for the helpful discussion last night about what specific change I would think would deal with the concern about the soundness of the Local Plan with respect to primary care infrastructure for SE Oxford. My suggestion would be the following:

1. Inclusion in the Infrastructure Delivery Plan of the need for a new health centre within the Cowley district centre to permit co-location of Donnington and Temple Cowley practices at a site which is accessible to the practices' patient populations using sustainable forms of travel.

2. In policy SPS12 (Templar's Square), addition of the following wording to the paragraph beginning 'A mix of town centre and community uses are encouraged on this site':

'SE Oxford requires a new primary healthcare centre. Templars Square may be the most suitable location for this centre, and so this need should be considered in development proposals, in discussion with NHS providers.'

The document I've prepared as support for the SEOxHA PCN submission is attached.

I'd be very grateful for any feedback on this.

Kind regards

Sandy
