

I am writing particularly to confirm my support for the "Response from Friends of Lye Valley"

I help as a volunteer there and understand very well the issues that are raised in the submission.

In many ways I affirm the plan but the issue of drainage is very significant and is as we know effecting the whole of the UK.

I will look with interest at any further work which the Oxford Council is doing on the plan for 2040.

Yours sincerely

David Bird
