I am writing to express my support for the FOLV response to your request for consultation. I fully support their extensive report which renders many aspects of your plan unsound and am also distressed that the Valentia Rd green space is destined for houses. Local residents will lose a valuable recreational space and local amenities will become over stretched by more housing. The professional, detailed and thorough response from FOLV makes it very clear to me that this group know far more about the area that is planned for the development than anyone responsible for the plan. I look forward to hearing it has been withdrawn and this special site will remain a protected area.

Joy and Peter Barker
