

## Task & Finish Final report to OSP

Task & Finish project name: **One Planet Oxfordshire**  
Date: 24.6.2019 End Date: 31.6.2019  
Report status: Final

### 1. Brief description of the task and finish activity

A project for OSP members and partners to use the One Planet Living framework to review progress on delivering “*a thriving city and surrounding area where everyone enjoys a good quality of life - environmentally, economically and socially, and where long standing inequalities are addressed.*” The project will deliver a suite of complimentary One Planet Action Plans for a range of partners, all setting out plans and speeding up delivery of targets across the 10 One Planet Living principles, including carbon emissions

### 2. Set out headline achievements.

- The first One Planet Integrator training in June 2018 at the Oxford Town Hall
- Bioregional attended Oxford's Big Green Day Out on Saturday 9th June 2018
- CCG met with Oxford City Council to discuss sustainability and the OPO project
  - Over summer 2018 the project board prepared two workshops to develop an Oxfordshire One Planet Plan
- The first One Planet Oxfordshire workshop took place on 6<sup>th</sup> Nov and another on 30<sup>th</sup> April 2019.

### 3. In what way (if any) did the OSP task & finish approach add value?

- Opportunity to raise profile of the project with significant stakeholders in the city via the OSP
- Engagement with the CCG, Westgate and others that may not have engaged otherwise

4. Detail any further support required?

None at present
