

# Turn off your idling engine

People inside cars are exposed to high levels of air pollution, with children especially at risk of harmful effects

An idling vehicle emits 20 times more pollution than one travelling 32mph

## OXFORD AIR NEEDS YOUR CARE

**Turn off your idling engine**

# Turn off your idling engine

Keeping the engine running  
while your vehicle isn't moving  
pollutes the air we breathe

Air pollution from idling  
cars can lead to increased  
risk of lung cancer, asthma,  
coughs, bronchitis and  
heart disease

## OXFORD AIR NEEDS YOUR CARE

**Turn off your idling engine**
